

TOKYO RAID SETS NEW MARK

New Record For Bombing Attack In Tokyo Raid

Heaviest Bomb-Load Ever Dropped By U. S. Air Force; Strikes Japanese Capital

AMAZING SPEED IN PREPARATIONS

By CAPTAIN JOHN H. CRAIG
(Written Especially for I. N. S.)

A new miracle of American engineering was the tremendous bombing attack on Tokyo in which more than 700,000 fire-bombs were dropped on Japan's industrial heart.

Total weight of bombs dropped was 4500 tons, announced by headquarters of the 21st Bomber Command as the heaviest bomb-load ever dumped by an American air force during a single raid.

Such an attack constitutes a tremendous blow at Japan's sources of war production.

To Reduce Jap Power

Combined with the American sea and air blockade, which has cut the Mikado's home islands off from all but a trickle of supplies from her stolen empire to the south, a succession of such blows may be expected to reduce Japan's fighting power drastically, and soon.

The astonishing feat of this latest air assault was the speed with which preparations were made.

It took Britain nearly three years, from the outbreak of the war in 1939 to the spring of 1942, to organize the first 1000-ton bombing assault on Germany.

America's great 8th Air Force was in Great Britain for approximately two years before the wrinkles in its supply-lines and strategy were ironed out and it began bombing in earnest.

It was not until three years and three months after America entered (Continued on Page Two)

Police were busy with tags yesterday and 22 motorists paid a dollar each for violation of parking meter regulations.

It is reported by John Robinson of East Brook road that there was quite a frost this morning in that vicinity.

Victory gardeners and farmers were advised today by the State Game Commission that a good way to keep rabbits out of cabbage patches was to dust dried blood over foliage. Commission officials said if blood is used as a dust farmers should add five per cent flour and sprinkle on plants while they are moist. If used as a spray, dilute the blood with water and add flour or mild soap.

Council in session at city hall today adopted an ordinance ordaining and dedicating a street to the American can company between Mahoning and Preston avenues and named it North Industrial Way.

Wednesday afternoon we saw about a dozen of 1945 graduating high school students parading through one of the stores. They were attired in grotesque costumes and seemed to be having an orderly good time.

First time that such a thing has happened since the war and before was the condition of yesterday in which a number of the men sent to Pittsburgh for induction to the armed service, were deferred after they had arrived at the induction (Continued on Page Two)

Major Cabinet Shakeup Is Made By President

By WILLIAM K. HUTCHINSON
(By International News Service)

WASHINGTON, May 24.—President Truman's first major cabinet shakeup won a cordial reception on Capitol Hill today as giving the west and southwest a new influence in national affairs.

The shakeup ends eastern dominance of the cabinet. It seems to presage a housecleaning of the department of justice, a complete revision of government food policies and early concentration of all federal labor activities in the department of labor.

Cabinet Changes

The cabinet changes were: Attorney general: Thomas C. Clark of Texas for Francis Biddle of Pennsylvania.

Secretary of agriculture: Clinton P. Anderson of New Mexico for Claude Wickard of Indiana.

Secretary of labor: Lewis B. Schwellenbach of Washington for Frances Perkins of New York.

The changes take effect June 30. The president appointed Wickard as rural electrification administrator to fill the vacancy caused by the resignation of Harry Slattery some months ago. He also announced Judge Marvin Jones would return to the United States court of claims and his current office of food administrator abolished, with its functions transferred to the department of agriculture.

Denies Other Changes
The president specifically denied he intended any immediate changes in the state treasury department. However, Henry Morgenthau, Jr., still expected to retire after the war loan is raised.

The president previously announced (Continued on Page Two)

Both U. S. Forces In Mindanao Are Driving Ahead

Scant Eight Miles Separates Converging 31st and 40th Divisions On Island

LAST JAP AIRFIELD IS NOW THEATRENED

By LEE VAN ATTA
(U. S. Staff Correspondent)

MANILA, May 24.—A scant eight miles separated converging 31st and 40th division columns in central Mindanao today, while to the east another American force increased the threat to the Licanan airfield.

Gen. Douglas MacArthur revealed that both U. S. infantry forces were pushing steadily toward each other along the central highway on Mindanao, southernmost and second-largest of the Philippine islands.

He said that the two spearheads were only eight miles apart and advancing across the plateau which lies in the heart of the island.

Some semblance of Japanese resistance to the northward drive of the 31st Division was met and quickly "brushed aside," MacArthur (Continued on Page Two)

Gunman Is Killed In Holdup Duel In Pittsburgh Tavern

One Of Gunmen Makes Escape When Officer Arrives During Robbery Of Tavern Last Night

PITTSBURGH, May 24.—(INS)—Pittsburgh police today were searching for the second of two gunmen who were trapped while holding up a Pittsburgh tavern—one of the pair was shot to death as he attempted to flee one last penny from the saloon's cash register.

The two stickup men entered the tavern and while one covered the manager and barman and scooped money from the cash register. Meanwhile, a passerby who saw what was going on summoned Pittsburgh Patrolman Michael Walsh, 60. Walsh raced into the bar and fired six shots at close range.

One escaped through a rear door, but the other toppled at the door with a bullet through the head. The Allegheny county coroner revealed that papers in the dead gunman's pockets identified him as Samuel McKelvey of Pittsburgh.

After the shooting fray Patrolman Walsh discovered one of the bullets which the bandits fired at him lodged in a bundle of keys in his pocket.

Estimate Yanks To Return At Rate Of 250,000 Month

NEW YORK, May 24.—(INS)—The New York port of embarkation which has dispatched more than two million men to Europe to fight the Nazis estimated today that they would return at the rate of 250,000 a month.

The peak is expected to be reached in August and will include from 16,000 to 20,000 wounded a month.

GOVERNMENT RESUMES
LONDON, May 24.—(INS)—The Netherlands government today resumed its functions in The Hague, capital of Holland, for the first time since it was forced to flee from advancing German armies in the spring of 1940.

Aneta, Netherlands news agency, reported that members of the government had returned to the capital yesterday.

Concentrate Attention On Veto Power Issue At United Nations Conference

LIST OF ISSUES NOW DWINDLING

SAN FRANCISCO, May 24.—(INS)—The big powers at the United Nations conference turned their concentrated attention today on the veto power issue—their last major hurdle before President Truman closes the historic meeting a fortnight hence.

Although days of debate and tedious drafting work on the world charter lay ahead, the list of big issues still to be compromised in principal was reduced to that of voting power in the security council on peaceful settlements.

The questions of regional security and trusteeship provisions in the charter for international peace machinery were regarded by conference leaders as answered.

Compromise Approved
The Big Five compromise to integrate regional security pacts into the world organization was approved unanimously by its committee yesterday.

Although formula on trusteeship for dependent areas has not received final confirmation, it is now in position for speedy handling and approval by the end of this week. Experts on the problem foresee no log-jam on this issue.

The four sponsoring powers—the United States, Great Britain, Russia and China—were expected to bring the security council veto question to a head today. This comes with submission of their answers to a list of 22 questions (Continued on Page Two)

Beaver-Lawrence Counties Leading In E Bond Drive

PITTSBURGH, May 24.—(INS)—Beaver county and Lawrence county today were running neck-and-neck in the race for the Port Pitt area "E" bond trophy, a silver loving cup to be presented to the county selling the largest percentage of its "E" bond quota during the Seventh War Loan drive.

The complete figures, according to the War Finance Committee for Pennsylvania, were:

Beaver, 38.8; Lawrence, 37.3; Mercer, 36.7; Erie, 35.2; Westmoreland, 35.2; Allegheny, 34.1; Warren, 32.9; Washington, 31.8; Butler, 30.6; Crawford, 29.2; Armstrong, 28.3; Green, 28; Indiana, 24; Somerset, 23.7; Fayette, 20.4; Venango, 20.2; Jefferson, 17; Clarion, 13.6; and Forest, 8.9.

Today sales of "E" bonds for the whole Port Pitt area, according to yesterday's reports from the Federal Reserve banks, reached 32 million 235 thousand dollars, or 32.3 per cent of the quota. All individual sales totaled 49 million 856 thousand dollars, 31.6 per cent of the quota.

London Honors Gen. Eisenhower

LONDON, May 24.—(INS)—Officials of the city of London decided at a special meeting today to accord the freedom of the city to Gen. of the Army Dwight D. Eisenhower.

Gen. Eisenhower also will be presented a sword of honor in appreciation for his part in the defeat of Germany.

Members of the court of common council, who made the award, asked the city lands committee to arrange a date for the presentation and declared Eisenhower "could not be allowed to leave Britain" before they paid tribute to his brilliant generalship.

American Forces Drive South To Envelop Shuri

Marines Smash Through Eastern Portion Of Naha, Okinawa Capital

TWO SPEARHEADS PUSH ALONG COAST

By JOHN R. HENRY
(U. S. Staff Correspondent)

GUAM, May 24.—Two American spearheads drove southward along the Okinawa coast today, pressing a move to envelop the core of the Japanese defenses at Shuri in the center of the island.

While the battle-toughened Fourth Marine Regiment, part of the Sixth Division, smashed through the eastern portion of Naha, on the west coast, and drove on southward, the Seventh Army Division, on the other side of the island, carried out a similar push below the town of Taira.

Enter Capital In Force
The veteran Fourth Marine Regiment, led by Col. Allen Shapley, all-time Annapolis athletic great, was the first American unit to enter the Okinawa capital in force. Previous forays by Marine patrols uncovered only a half dozen Jap defenders and the way was open for complete occupation of the shell-battered city, now only another marker on the route of the American advance.

In central sectors, the enemy fought desperately to hold positions which bar the Americans' way to strategic high ground just below Shuri. Seizure of this terrain would allow the Yanks to hurl fire from virtually all sides into the enemy and would probably split the Jap forces into a number of isolated pockets.

The twin American coastal attacks along with flanking smashes at Shuri itself easily could envelop and cut off the heart of the Jap defenses and give the Yanks commanding ground to loosen the enemy's last grasp on Okinawa.

Five Transports Bring 7,000 From European Front

Number Includes 3,000 Wounded And 200 Liberated Prisoners Of War

NEW YORK, May 24.—(INS)—Five army transports, loaded with 7,000 American soldiers, including 3,000 wounded men, docked at Staten Island today.

One thousand of the wounded men were transferred immediately to Camp Shanks, N. Y. while the remaining 2,000 were taken to Halpern General hospital on Staten Island.

Also returning home were 200 liberated prisoners of war who were sent to Fort Hamilton.

The remaining 4,000 men came back as discharges, or on furloughs prior to re-assignment.

American Airmen Blast Singapore

NEW YORK, May 24.—(INS)—A raid by 23 American Liberator bombers on Japanese installations at Singapore was reported today by the Jap Domei agency.

The raid was reported to have been carried out yesterday by the B-24s which dropped both incendiaries and "small-size" bombs.

Major Points
Major points in the bill are:

1. A 10-year program of federal grants and loans for building and expansion of hospitals, health centers and related facilities. The federal government would pay at least (Continued on Page Two)

Commando Kelly Will Show War Weapons Here

After reading so much about the many different weapons and equipment used by the infantry in battle, most of us have curiosity to see them. And we'll have that chance tomorrow, Friday, May 25, when the infantry display of equipment and weapons is to be shown on the free public library grounds at North and Mercer streets.

With Commando Kelly in charge the display will open at noon and continue until 6 o'clock. The display is open to the public without charge and should attract a crowd.

Aside from the weapons and equipment, Commando Kelly will be an attraction. Credited with killing 40 Germans in the fighting in Italy he was awarded the prized Congressional Medal of Honor.

On Friday night the infantrymen who come to New Castle, all of them battle veterans will stage "Here's Your Infantry" at Taggart stadium. This show is for the payroll savings and equipment display on the library grounds in the afternoon is open to everybody.

More Gasoline For Civilians

A Coupons To Be Good For Six Gallons Beginning On June 22

SOME B DRIVERS MAY GET INCREASE

WASHINGTON, May 24.—(INS)—Civilians were assured more gasoline today by the announcement increasing the value of "A" coupons 50 per cent, effective June 22, and setting a nationwide ceiling of 650 miles per month for "B" cardholders beginning June 11.

Petroleum Administrator Harold L. Ickes said the partial relaxation of controls marked the first positive relief given civilian motorists since restrictions were imposed in July, 1941.

Boost A Rations
"A" rations are boosted from four to six gallons for all holders. OPA Administrator Chester Bowles emphasized, however, that the order precludes any blanket for "B" users since supplementary allotments are based on the "individual needs" of the car owner.

Many "B" ration holders now have all the gasoline they need," Bowles said. "Unfortunately there is not enough gasoline to give these people more than the increase in their 'A' rations."

"They will not receive any more gasoline as a result of the increase in the 'B' ration ceiling."

Maximum needs for supplementary users will be met up to the uniform 650-mile ceiling which replaces the present regional levels of 325 miles in the east, 475 miles in the midwest and 400 miles in the far west.

Still Subject To Review
The cheering news was tempered by Deputy Petroleum Administrator Ralph K. Davies who warned that the new allotments are still subject to review in the light of Pacific war requirements.

"The additional quantities to be made available to the civilians are not guaranteed for any certain period of time," he said, "but must always remain dependent upon changes in the military demand."

Davies explained that the shift in Pacific war needs to more fuel oil—apparently for expanded naval and merchant shipping operations—and "somewhat less" gasoline made the civilian requirements in the Pacific, he added, will exceed the former needs for two war fronts, and will continue to tax Allied petroleum production until Japan is defeated.

Tokyo Radio Warns New Aircraft Raids Appear Imminent

NEW YORK, May 24.—(INS)—Fresh raid, day by day allied carrier-based planes on the main Jap home island of Kyushu were reported by the Jap radio.

The confirmed Jap report said that "about 180" allied craft, presumably American, had concentrated their blows on air bases on Kyushu, southernmost of the home islands.

The raids began at 3 p. m. Jap time (2 a. m. EDT), according to the broadcast recorded by the FCC.

"We suffered relatively light damages," the Jap transmitter claimed.

Many Problems
In addition to Poland, there is a list of seven outstanding European problems which Davies in London and Hopkins in Moscow are expected to tackle:

1. The U. S. government's desire that its representatives in the Balkan states of Bulgaria, Romania and Hungary shall have more elbow room. They have been prevented by Soviet officials from moving about freely.

2. Occupation of Germany: The four-way plan worked out at Yalta (Continued on Page Two)

Last Of Men In May Call Leave

City Board Two Sends Men To Induction Center This Morning To Begin Service

Last of the men called up by the Selective Service Boards located in New Castle for May, those summoned by Local Board Two of New Castle, left for Pittsburgh this morning on the first leg of their journey to service in the armed forces.

The number which had been called was lessened by eight, due to the new ruling which exempts men for the present who are in the 30 through 37-year age bracket.

Farwell ceremonies were conducted at the station by representatives of the Lawrence County Service Men's Air group of the U. S. O. and the men were presented with the customary kits by the ladies of this organization.

Six Thousand Fliers In Record Raids On Tokyo

Over 550 B-29 Bombers Drop Over 700,000 Incendiary Bombs On Capital

AVENUES OF FIRE SWEEP OVER CITY

By JULIAN HARTT
(U. S. Staff Correspondent)

GUAM, May 24.—The pre-dawn raid by more than 550 Superfortresses on Tokyo today laced the war-vital Shinagawa district with "avenues of fire" which a strong ground wind whipped into an inferno.

Returning airmen, forming the vanguard of the nearly 6,000 fliers participating, said that "explosions like lightning" were visible more than 100 miles off the Japan coast after some 700,000 incendiaries cascaded down on the capital.

"It looks very good," declared Brig. Gen. Thomas S. Power of Santa Monica, Calif., commanding the Guam-based B-29s which took part in the record-breaking fire raid. However, the general added:

"I don't want to go beyond that, no, not until we have studied photographs."

Japs Resist Vainly
Others of the returning airmen said the Japanese threw up a heavy hail of anti-aircraft fire, and resisted vainly with what appeared to be jet-propelled interceptors.

The target area included the Shinagawa railway marshalling yards, handling roughly one-third of Japan's traffic, and numerous precision instrument works and other war plants.

Maj. Luther A. Jones of Monroe, Ala., pilot of the "Reluctant Dragon," reported:

"I think that part of Tokyo's gone. I counted seven strings of bomb hits, all perfect, and all in the railway yards, shortly after start of the raid."

The ground wind must have been 20 miles an hour and the fires were spreading. An hour after we left the coast, we could see the fires swinging up larger and larger."

Bond Sales Here Are Now Lagging

Seventh War Loan Drive Has Lost Little Of Its Impetus Past Two Days

SPURT NEEDED TO REACH COUNTY QUOTA

Lawrence county's seventh war loan campaign has lost a little of its impetus in the past two days. In the bond headquarters in the Greater New Castle Association of offices today it was announced that the total individual bond sales in the county now were \$1,177,000 or 32 per cent of quota. The "E" bond sales are \$932,000 or 35 per cent of the quota of \$2,640,000.

Not that Lawrence county is making a poor showing. It has come to that, but the head start acquired at the opening of the campaign has been cut down and today Lawrence county is in third place in the Western Pennsylvania standing. Beaver county being first and Mercer county second.

Can Be Done
The job of putting the seventh war loan campaign over in Lawrence county can be put over and probably will be put over as the other six have been put over, but it will take work. The quotas this (Continued on Page Two)

No Dearth Of Generals

The United States today is faced by a curious military dilemma without parallel in the nation's history. Good generals are nearly always a scarce commodity—the Civil War was two-thirds over before Lincoln found a winner in Grant. But this time the nation has more top-flight commanders of proved ability in battle than it knows what to do with. The war with Germany produced a bumper crop of extremely able leaders. In addition to General Eisenhower, who will remain in Europe as a member of the Allied Control Commission, Generals Bradley, Clark, Patton, Hodges, Simpson and Patch have all been outstandingly successful as commanders of armies in the field. In addition to this stellar group, a host of air generals, staff officers and field commanders of slightly lower rank contributed mightily to the victory.

Very few of these officers, it is suspected, are going to be content to rest on their laurels and return to desk jobs in Washington. Most of them are going to want to see action in the Pacific War. But since those campaigns have already produced a galaxy of brilliant commanders, clustering around General MacArthur, it is not going to be easy to find places for all the three-star and four-star generals who will soon be out of jobs.

But it is not likely that this surplus of fighting talent is causing General of the Army Marshall any loss of sleep. In fact, it is difficult to imagine a happier situation for a chief of staff than to have plenty of competent, battle-tested leaders to choose from as he starts selecting the commanders for the next great campaign.

Succession To The Presidency

As recently pointed out by James A. Farley, succession to the presidency has long been one of the weak spots in the American governmental system. As recently as 1888 there was nothing in the statute books to show who would become chief executive if both the president and vice president should die or become incapacitated.

The present law, passed in that year, establishes a line of succession beginning with the secretary of state and going on down through the cabinet. But it is unsatisfactory in many respects and it still leaves many questions unanswered.

The law as it now stands, for instance, says nothing about what is to be done if both the newly-elected president and vice president should be unable to take office on inauguration.

The president himself is made the sole judge of his ability to perform the duties of his office. If he should become incapacitated and incompetent it would be impossible to force him to retire.

A no less serious defect in the law is the fact that in the case of President Truman's death the presidency would pass for nearly a full term to a man not elected by the people.

These are not remote contingencies. The vice presidency has been vacant no fewer than 15 times in the nation's history. It is merely chance that a cabinet officer has not stepped into the highest office in the land. Woodrow Wilson was paralyzed at the end and if President Roosevelt's illness had been disabling instead of mortal the nation might have faced a full four-year term with a chief executive unable to perform the duties of his office.

Representative Mounsey urges that Congress set up a commission of Supreme Court justices, presidential appointees, senators and representatives to study these problems and recommend changes in the law. It is a sound and timely proposal, and Congress could do worse than to adopt it.

Broader Citizenship

Many American civilians are giving serious thought to the problems already requiring attention as the nation gathers strength for the remainder of the war. Economic and social affairs and practically everything that affects the comfort, decency and peace of the human race are running into enormous digits.

It is bewildering now to consider the deployment of the armed forces essential to clearing up Asia. And it is not cheering to know that at the same time America is expected to retain in Europe half a million troops as an army of occupation. No one knows for how long.

There are many reasons to be proud of the glorious achievements of America in science and all that pertains to it and it would be a matter for world-wide sorrow if there should be a lapse in the mechanisms by which research and instruction have been maintained. The medical profession is an especial sufferer.

The dislocations in every branch of life are not easily readjusted. Reconversion in the general field of business and in providing employment for the men and women who left satisfactory employment, or the prospect of it, to enter government service, are items in what may be called a new and broader citizenship.

James Russell Lowell dipped into to ease crises in his day:
"New occasions teach new duties, time
Makes ancient good uncouth;
They must upward still and onward,
Who would keep abreast the truth!"

They Planned This For You, Too

The only persons to whom the current shortage of sugar should be a surprise are the little minds in Washington who call themselves planners.

The sugar trade has been warning the planners of an impending shortage for two years or more. Its warnings have gone unheeded. American sugar producers have protested in vain against continued application of quotas limiting their production, under the policy originated as part of Henry Wallace's scarcity economics. Producers in Cuba were discouraged from increasing their production. They were told that if they raised more sugar, transportation wouldn't be available to move it to market.

Now the nation is suddenly informed that there is a great need for sugar in the liberated countries of Europe. That, of course, is something that a planner couldn't possibly have foreseen. As usual, it is the American consumer who pays for the shortsightedness of his own public officials.—Chicago Tribune.

Remember the old riddle about why does a chicken cross the road? The latest answer is: because a sailor whistled.

A boy was haled before the juvenile court as a delinquent. The judge after hearing the story advised the boy to go home to his mother. But that was why he was a delinquent—mother wasn't home.

They say that George Washington threw a silver dollar clear across the Potomac. What a salary he could pull down now if he were to come back and offer to pitch for the Senators.

WASHINGTON CALLING

by MARQUIS CHILDS

Deep Concern Is Shown Over California Outbreaks

WASHINGTON, May 24.—The War department is following with deep concern the recent outbreaks in California against Japanese-American citizens who have left relocation camps to return to their homes. The War department fixed the policy, over the firm opposition of the Department of Justice, of taking one group of American citizens on the basis of their racial origin and placing them as a group in detention camps.

It is this responsibility, in setting a precedent contrary to all American tradition, that is worrying civilian heads of the department. Moreover, the Army recognizes a duty to returning veterans and they are wondering how far they will have to go in protecting Japanese-American veterans, a high proportion of whom have Purple Hearts when they return from the war.

Terrorist Attacks

About 15 terrorist attacks on returned Nisei have occurred thus far. There have been four cases of attempted arson and seven threats. In the most recent instances reported to Washington, cars have driven by Nisei homes at a high rate of speed and the occupants have fired into the house.

In one case, the home owner was a returned veteran. With him was a Nisei friend in uniform on furlough. So far no one has been hit, but that seems to have been merely accidental.

When I was in Italy recently, American officers without exception spoke in praise of the 442nd Infantry Regiment, which is made up of Japanese-Americans with their officers of non-Japanese descent drawn mostly from the Middle West. And loudest in their praise were the officers serving with the Nisei.

Beginning with the landing at Salerno, they went through all the hell of the Italian campaign. The 100th Infantry Battalion was one of the first to receive a unit presidential citation. The Nisei were cited again for an outstanding performance at Belvedere and Salsetta, when they neutralized a German strong point and sent the enemy reeling in disordered retreat.

Same Story

The story is the same here at the War department. In War department files are numerous instances in which Nisei have distinguished themselves in the Pacific war. They have given invaluable assistance in intelligence and reconnaissance work that often was carried out at the utmost peril.

These men coming back from the war deserve something better than hoodlumism. They regarded themselves as Americans—most of them could not even speak Japanese—when they fought like Americans.

The number of Nisei returning to the West Coast is very small. The recent attacks cannot possibly be justified on the ground that the returned citizens constitute any threat to the security of the community. Latest reports showed that 1824 had returned to California, 349 to Oregon and 364 to Washington. The large majority of those being released from relocation centers are going to the East and Middle West.

Not Only Individual Tragedies Involved in all this is more than the individual tragedy. If it were no more than that, we should simply write it down as one more entry in a record crowded with tragedies.

Americans on the West Coast have one of the greatest opportunities in history. They can assume the leadership of the Pacific world. Persons who have talked recently with General Douglas MacArthur tell of his conviction that America's future lies in raising the standards of sub-standard peoples in the Far East. MacArthur, who did so much to help make possible the gallant stand of the Philippines, believes that increasingly our national opportunity will lie in the Orient.

But that can come only if we assume mature leadership. It cannot come through force. We have made an excellent beginning in the Philippines by helping a dependent people to achieve independence. That example shines out in the Pacific world.

Its meaning, however, can be completely eclipsed if we permit the poisons of racial and color hatreds to come to the surface here at home. In only one instance, in Placer county, have the terrorists been brought to trial. There, according to reports to Washington, the defense attorney argued that this was a "white man's country" and it should be kept so. The jury freed the defendants.

Secretary Ickes has spoken out courageously against these outrages. So have others. This is something that concerns not just a region, but all of us.

What People Say

WASHINGTON—President Harry S. Truman: "Our military strategy against Japan is to step up our combined offensives without delay and to strike repeated and increasingly powerful blows until final victory."

HEIDELBERG, Germany—Gen. Jacob L. Devers, commander of the U. S. Sixth Army group: "We've got to destroy the Gestapo-type of mentality. We've got to shoot them all, though I guess, of course, we have got to do it legally."

AN AMERICAN EVACUATION CENTER IN LEHAVRE—Gen. Dwight D. Eisenhower, supreme commander: "I am doing everything in my power to see you fellows get home as fast as possible because you are the men who won the war."

WASHINGTON—Treasury Secretary Henry Morgenthau, Jr.: "The American people have taken V-E day in their stride and are driving resolutely ahead toward final victory."

HINTS AND DINTS

Sun sets tonight 7:58. Sun rises tomorrow 5:37.

It is claimed that there will be less cloth in women's bathing suits this summer than ever before.

It takes a lot of money to win a war. Buying war bonds will help win the war and also help save the lives of our heroes fighting on the front. Do all you can!

Knowing what not to say is the butt end of wisdom.

The time to say nothing is when you have nothing to say.

DEFINITELY DERISIVE DEFINITIONS

The average man—one who is not rich enough to disdain gossip nor poor enough to ignore it.

Normalcy—a time when a cigarette smoker does not have to start worrying when his supply gets down to four packs.

Home—the only place where the thumb in the soup does not matter so much... unless it is scalding hot.

Prosperous Time—when people are too busy to notice or think about them or to remember much about depressions and unemployment.

You deserve no credit if you boast after you do a good deed.

A hero in history is one who killed several men before they could kill him.

Raise all the things you can in your garden this summer. You may be worried about things to eat if you don't.

ANSWERING CURIOUS CYNIC

Have you ever noticed that the fellow who leaves a 50c tip for the hat check girl is the same man who will argue for thirty minutes with the telephone company about a ten-cent overcharge—or to a bus driver over the validity of a transfer?

A few men know as much as they pretend to. Men who make their money easily usually feel they are competent to give advice to others. Great men's defects are fools' excuses.

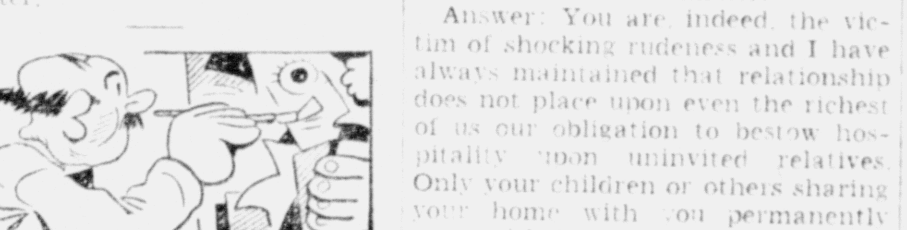

Your future will be whatever you make it. Just the same as your past has been.

A great deal of sickness occurs because so many of us have more appetite than we have sense.

Hez heck says "Gettin' things you don't want an' wantin' things you can't get—that's life."

There are lots of people in this world, some of them you like at first sight. Then there is the fellow which you don't like when you first meet him. But when you get to know him you like him even less.

It's a wise mother and father to-day who know as much as their daughter.

Overheard on the Bus: "She is a 'worrier' and does not seem to know if it's her conscience or her feet that is troubling her."

Yearning Is Learning.

In the last days, Goebbels urged the German people to 'stand and die.' We presume that after that, they could use their own judgment.

When the boys do come back, each should be given a vacation, all expenses paid, at any resort they select in order to give them a chance to get caught up on all the fishing, swimming and hunting they dreamed about and planned for while on Battle Stations.

When anything goes wrong from now on, we'll hear the chorus: "If Roosevelt had only lived!"

We regret Hitler's death. It was too easy. He should have lived for years to watch the effect of his madness.

Status Of Stettinius Perplexes Washington

WASHINGTON, May 24.—ONE of the minor reasons the final outcome of the San Francisco conference is eagerly awaited here is that not until it is over will it be possible to know anything about the future of Secretary of State Stettinius, whose future at the moment is more than a little cloudy. Interest in this has been heightened by news that Mr. Stettinius has returned to Washington for conferences with the President and others.

THE FACT is the status of Mr. Stettinius is quite the most interesting, as regards an individual, of any in Washington. It also seems to be rather unique in our history. Certainly the position in which circumstances have placed him is anything but a happy one and has been anything but helpful to him in his leadership of the San Francisco conference. It could not fail to handicap him there. Anyone who looks at the facts will agree. Considering them, in the opinion of unbiased observers, he has done remarkably well.

ORIGINALLY appointed by Mr. Roosevelt, Mr. Stettinius has been Secretary of State less than six months. His selection was generally credited to Mr. Harry Hopkins, who had been his chief patron and friend up to the time Mr. Roosevelt died. Mr. Stettinius had a very good press and was going along very well. But soon after Mr. Truman came in things began to break badly for him. It was not that the new President evinced toward him anything save personal friendliness and support. His troubles came largely from two other sources—one Democratic party leaders, the other a group of writers and radio commentators who specialize in State Department affairs and who were mostly hostile to Mr. Cordell Hull when he was the Secretary.

MR. HULL was such an outstanding figure and so strong in the country that while his journalistic critics were irritating, they were also futile. Of course Mr. Stettinius is not Mr. Hull. He not only makes a much more vulnerable target but is much more easily disturbed by what his friends regard as the extreme unfairness of the attack. This has taken the form of assertions that he lacks skill, judgment and experience as a diplomat; that he does not measure up to the job.

In these grounds a journalistic demolition was made before the San Francisco conference that he be replaced by a more mature and equipped man. Mr. Truman, naturally, paid no attention to this demand and has done nothing calculated to weaken or disturb his Secretary of State while the conference is on—quite the contrary. However, this has not prevented repeated publication of the report that his successor—Mr. James F. Byrnes—already has been chosen.

CIRCULATION of these reports and charges in the press and over the air have naturally not contributed to Mr. Stettinius's security as an individual nor his power as a leader. However, they have aroused considerable sympathy for him and there has been some reaction, in some circles, against the attacks. It is a pity that the degree to which they have endeavored the American position by their assault. So far as the feeling of the party leaders toward Mr. Stettinius is concerned, it is wholly due to the fact that should anything happen to Mr. Truman, Mr. Stettinius would become President. It is a probability, out of a distinct possibility. Being wholly without any party status, strength or experience this is not a thing they seem able to contemplate calmly.

Schwellenbach Boomed For Labor Post
West Coast Boss Beck Backing Judge
Post War Training To Bring Struggle

By HELEN ESSARY (Central Press Columnist)

WASHINGTON, May 24.—Dave Beck, powerful West Coast boss of the AFL Teamsters Union, reported back of Federal Judge Lewis B. Schwellenbach, named to succeed

Observers here take this to mean that Beck's boss, Dan Tobin, president of the union, is no longer seriously in the running for the job. Despite AFL assurance that Tobin is still the organization's only candidate, Beck hails from Seattle and, of course, is well acquainted with Schwellenbach, who represented the state in the Senate from 1935 to 1941. In addition, Schwellenbach is said to have strong support from the Railroad Brotherhoods and was a close friend of President Truman when both were in the Senate.

The CIO hasn't proclaimed itself for any candidate.

Congressional committee men who went to Europe to view Buchenwald and other "horror camps" had to be debused before they could return to the United States. They were told to go to the rear of the train.

In disclosing this note of discomfort Rep. Dewey Short, R-Mo., commented: "I was still scratching myself three days after I got back, although it was just my imagination."

The film, the stench and the horror of those hell-holes was indescribable. I still have to punch myself and ask: "Can those things I witnessed be true?"

Short and Representative Thomas (D-Tex.) both suggested that every storm trooper and Gestapo agent "should be executed."

Congress will tackle one of its toughest, as well as No. 1 post-war legislative problems when it starts hearing on long-postponed proposal for universal peace-time military training.

The Parent Problem

By Garry C. Myers, Ph. D.

RELATIONS WITH STEP-CHILD

Some years ago I received an unusual letter from a mother inviting me to have tea with my husband and me and our children. On the afternoon preceding the evening I was scheduled to lecture in their city. She explained that they were not connected with the organization before which I was to appear. She told me nothing more than that she and her husband had been "faithful readers of my column daily." With no more information I promptly wrote an acceptance.

From the moment of my arrival at home I felt comfortable and at ease. The family was so hospitable and genuine. The daughter must have been about 14 and the two boys about 7 and 5. What made me so comfortable, I think was the maternal relationship—parent-parent—parents-children, children-children. One soon senses such a family atmosphere. Through subsequent visits to that family and what their close friends have told me about them, my first good impressions have been confirmed.

Pleasant Family Life

Following that first tea, I learned that the father is professor of mathematics at the university and that the mother has also taught some for irregular periods. I learned too that the daughters' real mother was dead. I never would have imagined it then or since. This daughter has always seemed to be so secure and she and her step-mother and step-brothers so companionable.

Because the children have been so companionable, cooperative and helpful in the family and were so grand children in the home, school and community and so successful in their educational development I have been trying to find out some of the reasons why and have put a few probing questions.

In a recent letter the mother writes:

"So now for an answer to your invitation to write about the problem."

LOOKING AT LIFE

By ERICH BRANDEIS

Be polite to your birds is the advice given by the Agriculture Extension Service of the University of Arizona to farmers and everybody else who raises chickens.

"Tap on the door before entering," says the bulletin, "to let them know you are coming. This prevents them from becoming frightened, and thus politeness adds up to more eggs."

A pretty good piece of advice, not only in regard to chickens but to a good many other things.

You may well remember—"Politeness adds up to more eggs."

When I read that bulletin I suddenly realized why my wife gets so much more out of people than I do.

If the plumber is late or the baggage man doesn't show up in time, she doesn't bully them or raise the dickens, but she looks at them with a very unhappy expression in her eyes and says ever so politely:

"Oh, I am so glad you came at last! I have been waiting for you and missed a very important appointment. But I am sure you were not late intentionally."

That makes the delinquent mechanic or tradesman or what have you feel like a heel and the next time he is not only late on the minute but usually a few hours ahead of his expected arrival, thus upsetting my wife's meticulous house-keeping schedule again.

I always think that lack of politeness is really

Ezra reading the law in the hearing of the people.

"They help every one his neighbor."—Isaiah 41:6.
By NEWMAN CAMPBELL
(The International Uniform Lesson on the above topic for May 27. Ezra and Nehemiah, the Memory Verse being Isaiah 41:6. "They help every one his neighbor.")

After the Jews had been captives of the Persians for 70 years, the good King Cyrus made a proclamation which he also put in writing, that as many of the Jews as wished could return to their own land and rebuild the ruined temple at Jerusalem "for the glory of God."

He also proclaimed that the temple treasures which Nebuchadnezzar had taken were to be restored, and that the builders would be helped by moneys from the Persian treasury, and with goods and beasts.

The work was started, but ene-

After another 60 years, a great man rose up, Ezra, a priest and descendant of priests. He was a child of captivity—born in Babylon. He went to Jerusalem, and found, to his horror, that many of the Jews now living in Jerusalem had married pagan women, had children and were even worshipping their wives' gods.

So distressed was Ezra that he tore his hair and beard, rent his clothes, and falling upon his knees he prayed earnestly to God that his people be forgiven their sins. We shall hear more of Ezra later.

Fourteen years after Ezra's return to Jerusalem, Nehemiah served as cupbearer to King Artaxerxes in Persia. He was usually a cheerful person, but one day he appeared so sad that the king questioned him about it. It seems Nehemiah was grieved about the city of Jerusalem which, as you remember, was burned and completely ruined by Nebuchadnezzar. Encouraged by the king, he asked permission to be given a leave of absence from the court to go back and rebuild the city—its walls and gates.

The king gave permission and a letter of safe passage to Jerusalem, so Nehemiah gathered about 9,000 Hebrews who also wished to return to their own land, and they went to Jerusalem. They commenced the work, but enemies arose as in the building of the temple, and they conspired to fight against Jerusalem. The Hebrews under Nehemiah, were forced to arm to defend themselves and their work, half of them standing guard and the others working.

Plan to Kill Nehemiah
Then these enemies wrote to Nehemiah, asking him to meet them in a village at some distance. Nehemiah refused, for he knew well these men were planning to kill him. He said, "I am doing a great work so that I cannot come down. Why should the work cease while I leave it and go to you?"

So the city was rebuilt, the wall was built up, with doors, and porters, singers and Levites were appointed. The people rejoiced greatly and offered thanks to God. And all the people gathered themselves together as one man into the broad place that was before the water gate; and they spake unto Ezra the scribe to bring the book of the law of Moses, which Jehovah had commanded unto Israel.

"And Ezra, the priest brought the law before the assembly, both men and women, and all that could hear with understanding, upon the first day of the seventh month."

"And he read therein before the broad place that was before the water gate from early morning until midday, in the presence of the men and the women, and of those who could understand; and the ears of all the people were attentive unto the book of the law."

Ezra stood upon a pulpit of wood—the first mention of a pulpit in the Bible. "Ezra blessed Jehovah, the great God, and all the people answered Amen, Amen."

After the reading, the people went to their homes to eat and drink. The reading went on for days. In the 24th day the people gathered "with fasting, and with sackcloth, and earth upon them" to confess their sins. After that a general feast was proclaimed and then followed the confession of the priests and Levites, probably the longest prayer recorded in the Bible.

WATCH BATTERY DOPE

PITTSBURGH, May 24.—(INS)—The Pittsburgh Motor club today warned Western Pennsylvania car owners against a battery "dope"

business now going on throughout the country. A fake "pep-up" fluid for worn down batteries had become a recent racket, the club reported.

The common cold is the cause of more lost work hours than all the strikes. The loss to employed persons and industrial production runs to about one million dollars.

At her coronation in 1724, Catherine I of Russia wore a crown studded with 2,564 precious stones, surmounted by a ruby as large as a pigeon's egg.

Members of 1945 Victory club were entertained in the home of Mrs. Carrie Calvert, North Cedar street, with Mrs. Ellis Howard and Mrs. Harry Gilmore, special guests. They each were presented with a hostess gift.

In cards, Mrs. Frank Calvert and Mrs. Ellis Howard captured top score awards. The former was also recipient of the "gallipoli." A tasty repast was served.

June 13 the membership will have a dinner party at The Castleton.

JEWISH COUNCIL CASTLETON EVENT

One of the most enjoyable functions of New Castle Section National Council of Jewish women, took place in The Castleton Tuesday evening. It was in the form of a dessert-meeting with 75 members and guests in attendance. At the speakers table, were out of town guests, outgoing and incoming officers.

President, Mrs. Meyer Rosenberg, opened the program, with greetings and the presidential report of the past year's work. She introduced as presiding chairman, Mrs. L. F. Kohn, chairman of the Nell S. Feuchtwanger Scholarship Fund, their newest project, and whose committee was in charge of arrangements.

In opening, "America" was led by Mrs. Ted H. Marlin, followed by a touching prayer on "VE" Day, contributed by Mrs. R. Rubenson.

A cappella choir of the high school, under Robert R. Duff, director, sang beautifully a group of favorite selections, with special dedication being given "America The Beautiful" to those serving in the U. S. Armed Forces. "The Navy Hymn" with Stephen Polley taking the baritone solo, was especially sung in memory to the great presidential leader, F. D. Roosevelt.

Tribute to outgoing and incoming officers of the organization, ensued, conducted by Mrs. Max Reinhardt of Ellwood City. She opened with an original poem "The Council Women" and installed for the 1945-46 terms; the following: president, Mrs. William Cosel; first second and third vice-presidents respectively, Mrs. Dan Fisher, Mrs. George Kline and Mrs. Alec Samuels; recording secretary, Mrs. Ben Finkle; corresponding secretary, Mrs. Morris Storch; financial secretary, Mrs. Peter Cohen, treasurer, Mrs. Jack Kulkin.

A gift of appreciation from the membership, was presented Mrs. Meyer Rosenberg, retiring president, by Mrs. Pierson Caplan, who accepted graciously.

A fine response and plan for co-operation was given by Mrs. William Cosel. She outlined an innovation in which each vice-president will be directly responsible for three departments of the work. With the theme of the evening "Student Aid and Scholarship Fund" as her thought, Mrs. Louis Kohn reviewed the work of the committee since its inception two years ago. She called upon Mrs. Ted Marlin, who read names of donors and those in whose honor same was given.

Speaker of the evening Mrs. Albert Kabetz, active worker of the Pittsburgh Section, in a most charming fashion spoke of the great interest and pride on the part of her home organization regarding student aid work. She related the many students whose names have been submitted by deans of colleges, the beneficiaries in the past 25 years. She cited case histories and all present found her message instructive and stimulating as an excellent guide to the local section.

MARINE AUXILIARY CONDUCTS MEETING

Gy Sgt. Harry T. Burns Marine Corps League Auxiliary met at the Y. W. C. A. Wednesday evening. Mrs. Anne Cosel, presiding.

Report was given by hospital aide Elizabeth Paluszak that she received liberal donations from the Marine Corps league detachment to help buy articles to fill comfort bags for the naval hospital.

The Auxiliary attended in a body at the memorial services for Marine Thomas O'Neil, both killed in battle, the services held at the Third U. P. church last Sunday.

Plans were made to take part in the Memorial Day parade and also Marine memorial services on June 3, at 11 o'clock in the Epworth Methodist church.

Following the meeting comfort kits were packed and sent to naval hospital, Oakland, Calif. Mrs. Gertrude Munter was hostess. Mrs. Ethel Bell captured the door prize. June 27, is next meeting, hostess to be Mrs. Mina Dout.

1931 Club At Elks

Regular meeting for 1937 club members, was held in The Elks club Wednesday afternoon with card playing as the pastime. Honors fell to Mrs. Alice Cummings. Mrs. Sol DiLillo, Mrs. Frank Taylor and Mrs. Helen Freeborn.

Cosmo Members Hear Harold Burns

Publisher Of New Wilmington
Globe Speaks On Race Relations At Meeting

Patriotic rally at the Cosmo club meeting Wednesday evening was held in observance of I Am An American Week and members heard as their speaker Harold Burns, publisher of the New Wilmington Globe, who gave an appropriate address.

Mr. Burns' subject was on Race Relations and Brotherhood. He emphasized the fact that the churches of today are stressing the principles of brotherhood, insofar as to the relations of the various races and creeds. The importance of tolerance in the world of today is so very necessary, if we are to have an understanding world in the future. His talk was well received. The speaker was introduced by president, Maurice Levinson.

At the conclusion of the program refreshments were served by a committee with James Meyers as chairman.

Kapok Substitute Is Finally Found

PITTSBURGH, May 24.—(INS)—The search for a satisfactory substitute for kapok, the biggest source of which was cut off when the Japanese invaded Java, ended in the development of a fibrous glass material which was just approved by the Coast Guard as a filler for life jackets and life preservers, the Pittsburgh office today announced.

The material was selected as the best substitute after a series of tests on various materials at the Mellon Institute of Industrial Research in Pittsburgh, a spokesman for the Coast Guard said. He added that the fibrous glass is fireproof, more resistant to compression, and has qualities superior to kapok since it does not absorb water as rapidly.

President Will Fly To Conference

Will Witness Signing Of United Nations Charter And Make Final Address

WASHINGTON, May 24.—(INS)—President Truman plans to fly to the United Nations conference at San Francisco to witness the signing of the United Nations charter and to make his address to the final plenary session.

Press Secretary Charles Ross made the announcement of the president's flight plan today. At the same time he said that the president, after his speech to the conference, may fly to the northwest for a brief rest.

The president's speech at the conference will be made in the opera house where the plenary sessions are being held. His address to the conference, of about 15 minutes duration, will be carried by radio on a world-wide broadcast.

GIRL SCOUTS

Troop 25 May Festival

May Day for Girl Scouts of Troop 25, who meet in Arthur McGill school, was Wednesday when they entertained their parents at a combined May festival and court of awards.

Jean Boalick as the Queen of the May was attended by Ruth Allen as train bearer, Donna Dockman as bestower, and Muriel VanDyke as bearer. Marjorie Delancy and Doris Mettler were flower girls, and the maids-of-honor were Patricia Weaver, Sandra Smathers, Esther Perry, Faith Hawk, Ruth Peel and Jean Louden.

A chorus of May Day attendants consisted of Jean Cooper, Josephine Costa, Joan Olson, Kathryn Shier, Jean Davis, Nancy Burkholder, Betty Jean Burchett, Janet Frank, Francine Fazzone and Marilyn Bilssey.

Presiding over the court of awards, Mrs. Keith McAfee, scout commissioner, gave junior citizen badges to 11 girls, World Trefoil badges to 20, troop dramatics badges to 20, and second class badges to 22.

Refreshments were served to the parents by the girls after the entertainment. Mrs. Alex Grim, troop leader, who was in charge of the program, was assisted by Mrs. H. C. Boalick and Mrs. C. W. Weaver.

I've been holding those elusive vitamins in the vegetables. Now I'm blocked out. Maybe for hours. And, all because there are no extra fuses handy."

Don't take a chance. Have extra fuses handy. They're so easy to change. When one "blows out," disconnect the appliance that caused the trouble, stand on a dry surface and pull the fuse-box switch.

Unscrew the blown fuse and replace it with a new one. Close the fuse-box door, turn on the switch and service is restored. It's easy if you have extra fuses handy.

Sewer System Is Discussed

Councilmen Indicate That Properties Outside City Limits Cannot Connect To Sewer

ANNEXATION IS SUGGESTED MOVE

City council met in the municipal building today and indicated that henceforth properties located outside the limits of the city will be refused connections to sewers built and paid for by taxpayers of the city.

Annexation of outside districts also was discussed and further, council adopted a motion submitted by Safety Director D. O. Davies which instructed City Engineer John Z. Street to report a plan to eliminate asserted bottlenecks in the present sanitary sewer system to take care of properties now within the city.

Should Be Annexed
The discussion followed Mayor John F. Haven's inquiry as to council's desire relative to the request of the Community Realty company, represented by J. C. Glifflin, which at the extreme end of the east side of Highland avenue, for permission to connect with the city's sanitary sewer system.

He asserted his attitude was, that if the property-owners outside the city desired city benefits, they should petition for annexation and help bear the cost of operating the city. He pointed out fire, police, garbage, electric and other municipal services are worth considerable.

Mayor Haven recalled that years ago Oakland desired to be annexed but nothing came of the request. Safety Director D. O. Davies said sewer conditions for the city itself were not now adequate and added that the city paid money for a survey conducted by Fuller & McClintock, years ago, which provided a

complete picture of needs then and of future requirements or when New Castle contains 125,000 inhabitants.

Finance Director Albert Hoyland corroborated Mr. Davies' assertion and explained that "the city has been sleeping on it," indicating the costly survey.

Streets Director James Gibson stated that he believed that if outside property owners wanted connections they should petition for annexation.

Must Remedy Plight
Mr. Davies expressed the belief it would be beneficial if annexation were considered.

It was pointed out that sanitary conditions were congested in the North Hill and Mr. Davies submitted a motion instructing city engineers to report a plan from the survey to eliminate bottlenecks. The mayor agreed with Mr. Davies that sewers were overloaded and the latter then said that prior to any district being allowed to be annexed the city would be compelled by necessity to build new sewers to a adequately care for properties now here.

"Should we take in outside districts we would be duty bound to take care of them," Mr. Hoyland stated, a fact with which all members of council agreed.

Council voted unanimous support

of Mr. Davies motion instructing the engineers to prepare a report to relieve the North Hill sewer situation which it was indicated was "bottle necked" and may require a large sewer from a point near Mahoning avenue north.

Local Airman With AAF On V-E Survey Of Ruin Of Germany

Cpl. Norman E. Van Horn, who has been serving overseas with the Eighth Air Force for a number of months, has written to his parents to describe the way in which the men of the AAF and the RAF spent V-E day.

Manned by skeleton crews, planes loaded with mechanics, armorers, cooks, clerks, truck drivers—ground

personnel as well as fliers, flew over the devastated areas of Germany at levels low enough for the men to fully appreciate what their work had wrought.

"Our bombings have smashed virtually every building, even the smallest house, in villages from the size of Volant up to the very largest cities," writes the corporal. "Just the very smallest places are untouched."

Especially hard hit were the marshalling yards, transportation and industrial centers of Ludwigshafen, Mannheim, Darmstadt, Cologne, Duisburg, Frankfurt, Aschaffenburg, Coblenz, Dusseldorf, Wesel, Mainz, and Bonn, as well as the bridges across the Moselle and Rhine rivers.

Cpl. Van Horn is the son of Mr. and Mrs. W. A. Van Horn, 209 Bluff street.

See Changes In Handling Food Problem

By WILLIAM S. NEAL
(U. S. Staff Correspondent)

WASHINGTON, May 24.—Sweeping changes in handling of the food problem were widely predicted in congress today with appointment of Rep. Clinton P. Anderson (D) N. M., to be secretary of agriculture.

The possibility of a serious upset of OPA policies with resignation of

price chief Chester Bowles was seen in some congressional quarters. Leading congressional critics of OPA and general administration handling of the food situation hailed Anderson's appointment as justifying their criticism and condemning policies which have been followed.

As chairman of a special house food investigating committee, Anderson issued two reports criticizing administration handling of the food problem and demanding immediate revision of policy.

"Rep. Anderson and I agree on the facts and the remedy," said Sen. Thomas (D) Okla., chairman of the senate agricultural committee. "He will support prices for agricultural products that will mean greater production and which should mean a great deal for the farmer and the country."

Thomas said the appointment, to-

gether with retirement of War Food Administrator Marvin Jones, makes Anderson the "boss" of the food situation.

He explained that under OPA law the price administrator cannot make regulations affecting agricultural commodities without consent of the Secretary of Agriculture. He charged that former OPA Administrator Leon Henderson ignored the law.

Rep. Andresen (R) Minn., who served on Anderson's food investigating committee, said "if Mr. Anderson carried out the views he expressed as chairman of our committee there will be sweeping changes made."

"The appointment indicates that Mr. Truman came to the conclusion that the food problem is being mismanaged," added Andresen. "Mr.

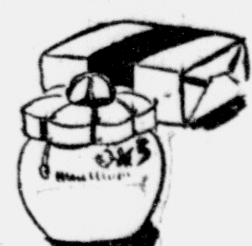

Anderson may become 'czar' of food."

Anderson, Albuquerque, N. M., insurance man and also a farmer, has been known as a "trouble shooter" in his state. With a record of being a good administrator, he frequently has been called into "hot spots" to straighten out situations.

INVALID LICENSES

AUSTIN, Tex. (INS).—Approximately 250,000 persons driving motor vehicles in Texas do not have valid operator's licenses. Director Homer Garrison of the Department of Public Safety, said today. This isn't a deliberate wholesale violation of the law, Garrison observed, but simply the result of drivers' failure to observe expiration dates.

There are 6,511 registered hospitals in this country with a bed capacity of 1,729,945.

New Secretary Of Agriculture For Production

Indicates He Will Pursue Policy Of "Abundant Production"—Appointment Surprise

WASHINGTON, May 24.—(INS)—Rep. Clinton P. Anderson of New Mexico, newly-named secretary of agriculture, indicated strongly today that he will pursue a policy of "abundant production."

"Simultaneously, Anderson revealed that the appointment came as a surprise to him.

"Abundant production is the best production against the black market," he declared. "If we can keep up our national income and provide the 60 million jobs everybody is talking about, the world will consume all the American farmer produces in the next few years."

"The president gave me a job to do and when Harry Truman gives you a job to do, you can do it," he added. "I know it's tough and I know the coordinating part is the toughest. In all our investigations (as chairman of the house food investigating committee) so far we've been impressed with the lack of coordination in the government program."

His first inkling that he was even being considered for the cabinet post came yesterday, he revealed, when the president invited him to lunch at the White House. The New Mexico congressman said he went "expecting to get romped on" for his committee's recent report on sugar, in which the 7-member house group recommended appointment of a sugar "czar."

"Instead," he added, "the president asked me how I'd like to be secretary. I almost swallowed my grapefruit."

Asked what experience in farming he had, Anderson replied:

"I'll bet I've scooped more grain than half the people who call themselves farmers."

His committee, he revealed, will go ahead with its work and will investigate poultry, eggs, butter, fats and oils, having already completed investigations of the meat and sugar situation. In its meat report the committee recommended that the activities of all government food agencies be coordinated.

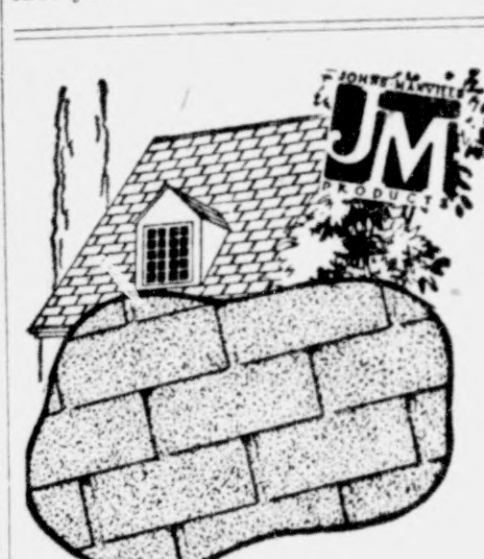

Twenty-One Seniors Already In Service

GROVE CITY, May 24.—Dr. M. W. Pearce, president of Geneva College, Beaver Falls, Pa., will deliver the high school commencement address this evening to a senior class that has 21 members absent, in various branches of military service. Parents will receive diplomas for the boys in uniform. In this group is the class president, Robert Young.

High honors will be conferred upon Anne Christy Augustine and Nancy Louise Gearhart, who will appear on the program. Thirteen students will be graduated with high honors, in addition to others who met every qualification except four years' attendance.

LIKE FATHER—

SOMEWHERE IN THE PACIFIC (INS)—Another parallel in a unique father-son war record was entered in the books when Marine Platoon Sgt. Cecil A. Harrison, 23, San Antonio, received the Bronze Star Medal recently for heroism. His father, First Sgt. L. P. Harrison, who has been fighting with the second army division, was presented the same medal for action in France last year.

"Lord Haw Haw"

AN ENGLISH TRAITOR who calls himself the original "Lord Haw Haw" was exposed and seized by U. S. troops at Alt Aussee, Austria, while acting as interpreter for an American Military Government official. Norman Baillie Stewart, above, former British officer who spent five years in the tower of London for "selling his country for 50 pounds," admitted, after he was exposed, that he worked for the German propaganda ministry and foreign office for five years. Sgt. A. Vanassa Freed As Prisoner

Local Sergeant Confined In German Prison Camp Since January 19, 1945

Sgt. Albert Vanassa of the 42nd Rainbow Division of the Seventh Army, who has been a prisoner of war since January 19, 1945, has been released by the Allies on April 29, from the prison camp Stalag 13-C in Germany.

This news was received by his wife, Mrs. Mary Vanassa of 519 Highland avenue.

Sgt. Vanassa has been in the service since July 23, 1943, and overseas since November 22, 1944. He is the son of Mr. and Mrs. Ralph Vanassa of 217 North Scott street. He is expected home in the near future.

Ask Intervention By President In Pittsburgh Strike

PITTSBURGH, May 24.—(INS)—President Truman may be asked to intervene in the strike which has tied up millions of pounds of army and lend-lease perishable foods in four Pittsburgh cold storage plants, a company spokesman today hinted. J. E. Davis, spokesman for the four strike-bound companies, said the Office of Defense Transportation was checking on the strike and he recalled:

"It was the ODT which got President Truman to intervene in the Chicago truck strike."

Ashtabula Soldier Commits Suicide

DETROIT, May 24.—(INS)—Sgt. Thomas J. White, 34, of Ashtabula, O., reportedly AWOL from the Wakeman General Hospital, Ind., committed suicide yesterday after complaining about his disfigured face.

Relatives believed that fear of further operations and his disfigured face prompted the soldier to hang himself. His sister, Mrs. Edward Finau of Detroit, reported that Sgt. White arrived at her home last Friday and said that he previously tried to take his life at the hospital.

His parents reside at Ashtabula, O.

REPORT ATTEMPT MADE TO LYNCH NAZI LEADERS

LONDON, May 24.—(INS)—An attempted lynching of German Field Marshals Karl Gerd Von Rundstedt and Wilhelm Keitel by Belgians was reported today by the London Evening Standard.

The incident was said to have occurred when the Belgians recognized the former Nazi western front commander the ex-chief of the army high command in a trainload of war prisoners at Charleroi.

Naha Is City Of Destruction

News Correspondent Tells Of Scenes In Once Bustling Capital Of Okinawa

By GEORGE McWILLIAMS
(U. S. Staff Correspondent)

NAHA, Okinawa, May 24.—Naha, the once-bustling capital of Okinawa, today is a city of death and destruction, littered with dead Japs and populated only by lurking enemy snipers and U. S. Marine Corps patrols.

Following in the path blazed by the Sixth Division Marines, I crossed the Asato river today and walked through the rubble-filled streets in the northeast section of this city where 65,000 persons once lived.

The smell of death was everywhere—like something solid catching in your throat—like the thick red mud which gripped your feet as you came down the road into the ugly debris of war.

From Sugar Loaf Hill which the Leathernecks took after reaching the crest 11 times in a five-day fight, we walked down a muddy path, hurrying past open stretches under constant enemy observation. Snipers with machine guns and mortars had been taking Marine casualties along the road most of the morning.

Crawl Up Slope
We crossed the Asato on a narrow foot bridge and crawled up a

slope where the Marines were dug in, with Japs on the reverse side. Shells were whistling back and forth, constantly, filling the air with a weird, pushing sound. The crash of artillery rent the air like the noise of a huge door slamming.

A mortar team was beside us hard at work with their weapon pointing almost straight up, an indication of how close we were to the enemy.

The crest of a ridge above our heads was a sniper's paradise as two Leathernecks who crawled up there found out. There was a furious chatter of small arms fire and the two men came legging it down like mad, clutching at their tin hats as they ran.

Two stretcher cases were being carried out of the Marine lines as we went in. First Lieut. Leo J. Gottsponer, Morrilton, Ark., commander of a Fourth Regiment company, said his men had been under fierce sniper and artillery fire since they moved forward from the river.

The First and Third Battalions had to wade the muddy Asato to their waists when they moved up yesterday afternoon to penetrate Naha to a distance of 1,000 yards.

The northeastern section of the city had not a building left untouched. It was mostly a residential district with narrow walled streets and a few shops. The streets were littered with all manner of household goods, and the buildings were churned up into a wild mess.

CALLOUSES

To relieve pain, stop pressure on the sore spot and quickly remove callouses—use these soft, cushioning, soothing pads. Sold everywhere.

Dr. Scholl's Zino-pads

Some shops still bore signs in odd-looking Jap characters. A phonograph with a stack of cracked records lay in the street.

I counted only five Jap dead, but death was everywhere, not only in the bodies lying in the street, but in the guns of the Jap snipers, who were hiding out on high ground above the rest of the city.

To retouch scratched and worn corners on dark leather use shoe dye or India ink that matches the leather.

Governor Signs Nine More Bills

HARRISBURG, May 24.—(INS)—Gov. Edward Martin announced today he had signed nine additional acts of the general assembly including a measure earmarking \$87,500,000 for relief benefits to be administered by the Department of

Public Assistance during the next biennium starting June 1.

One hundred and sixty five bills await the chief executive's action. He has approved 407 acts and vetoed 14 others.

New legislation would appropriate \$50,000 to enable the State School commission to study public school finances; authorize the Pennsylvania Turnpike commission to issue bonds maturing in 1947; eliminate certain fees for filing nominating petitions; prohibit individuals from doing business under assumed

names unless authorized by the commonwealth secretary; prevent foreign corporations from using names similar to governmental agencies; regulate the redemption of land taken over by counties for unpaid taxes; end interest on money paid into the state employees retirement fund when employment ceases; compel fiduciaries to complete contracts.

The governor signed 27 measures yesterday including a series of bills regulating agricultural cooperative associations.

Attaches Will See Irvin Works

PITTSBURGH, May 24.—(INS)—Twenty-five military attaches, representing as many foreign governments in Washington, were expected to visit the Irvin Works and Homestead Work of Carnegie-Illinois Steel Corporation tomorrow on their tour of the nation's war plants. U. S. Steel Corporation officials

revealed that the party would arrive in two special C-54 planes and leave for Washington the same day. They will be accompanied on their inspection of "big steel" plants by foreign liaison officers of the war department's general staff.

The nick in men's coat collars dates from the 17th century. The tops of men's coats were cut so that they could be fastened up around the neck, and the V-shaped nick in modern coats is a survival of that custom.

STOCK MARKET LITTLE CHANGED

Trading Volume In Market Tends To Diminish As Session Progresses Today

NEW YORK, May 24.—(INS)—Additional selling found its way in the stock market today, extending yesterday's break, the sharpest in nearly three weeks.

Maximum losses ran to a point. Trading volume tended to diminish as the session progressed.

Steels and motors were "dull." Youngstown Steel and Tube slumped a point but U. S. Steel was firm. Chrysler and General Motors averaged small fractions easier.

Rails had a weak undertone, a number of issues declining a half point in a thin market. Utilities were steady. Aviation started firm but drifted off in the second hour. Oils continued dull and featureless. Coppers edged up fractionally.

Bond market prices were firm but little changed.

MARINES BLAST JAPS FROM OKINAWA CAVE HIDEOUTS

WITH TRIGGER FINGERS TENSE, a group of Leathernecks cover the entrance of a cave on Okinawa where they had just exploded a charge to drive out Japs holed up in it. Such enemy positions as this formed a "Little Siegfried Line" before Naha and slowed the American advance on the capital city. The fight for that objective is now being waged with the utmost savagery. Marine Corps photo.

Junior Highs Plan Busy Final Weeks

Final Exams, Memorial Programs, Class Activities And Awards Fill Calendar

Exams, assembly programs, a Memorial Day vacation and then half-days of school are the schedule for the next few weeks of Washington and Franklin junior high youngsters.

Final tests for the semester will begin Monday, but will be relieved in both schools by special programs on May 29, and by a day's vacation on May 30. American Legion awards to the boy and girl doing the best work in eighth grade American history classes will probably be given during the Franklin program on this day, while at Washington the program will be highlighted by a talk by Captain Raymond S. Hall, army chaplain who landed on D-Day with the first airborne division and who was later captured by the Germans during the fighting in Holland.

"Awards Day" at Washington will

be on Tuesday, June 5, when both the American Legion awards and the track and scholastic letters will be given out. Approximately 125 students will receive the orange and black scholarship letters. B. K. Thacker, principal of the school, estimated.

Ninth graders at Franklin will present their farewell program for the first of the school on June 5, according to Gerald Nord, principal. Faculty and class picnics will complete the year for the schools.

Man Dies From Crash Injuries

HARRISBURG, May 24.—(INS)—Howard Kahler, 42, of Millersburg, R. D., died last night in the Harrisburg hospital from head injuries sustained in a head-on collision of two cars near Gratz.

One of the eight persons injured in the crash Sunday, Kahler was the father of six children. Another seriously injured victim, Mrs. Jennie Calhoun, 42, of Herndon, was reported in a "fair" condition at the Ashland hospital.

Trieste Agreement Believed Nearing

TRIESTE, May 24.—(INS)—Yugoslav-controlled newspapers in Trieste featured today what apparently was a new statement by Marshal Tito in which he reiterated his contention that the Yugoslavs "have a right to remain" in Trieste "as Allies."

Tito said that some agreement between the Allies and his country would be reached but asserted it would be "an injustice" if the Yugoslavs were forced to withdraw completely.

Governor Signs 27 More Measures

Approval Given To Many Measures
Passed In Recent Legislative
Session

HARRISBURG, May 24.—(INS)—
Twenty seven acts of the General
Assembly including four measures
regulating agricultural cooperative
associations carried Gov. Edward
Martin's signature today.

The governor vetoed a bill which
would have exempted trailers and
semi-trailers used for farming from
vehicle taxes.

Five other bills not approved by
the chief executive would have per-
mitted roads to be vacated in sec-
ond class townships if not main-
tained for the last 21 years, regu-
lated the disposition of military
files, revised registration procedure
for Philadelphia voters during the
emergency period and changed a
highway route in Schuylkill county.

New Statutes
New statutes placed on the books
with Governor Martin's approval
regulate civil engineering; fix
sheriff's fees in second, third and
fourth class counties; authorize ac-
ceptance of registrants from Phila-
delphia voters 50 days before the
primary election instead of 30 for
the duration of the war; abolish
the liability of grandchildren and
grandparents for indigents; allow
maximum \$60 expenses a year for
county school directors; permit
third class city treasurers to appoint
assistants; extend the lien of debts
on decedents' estates in certain
cases; and regulate the returns of
local taxes upon certain classes of
property.

Other laws authorize second, third
and fourth class school districts to
appoint certified public accountants
to audit school finances; fix a six
per cent annual interest rate on
money due the commonwealth from
stocks and capital of corporations,
banks and trusts and authorize the
secretary of commonwealth to settle
claims; extend from 40 days to one
year the time in which school and
state employees discharged from
armed forces may rejoin retirement
systems and exempt them from
physical examinations; provide for
the licensing of mining, electrical,
mechanical engineers; regulate eat-
ing and drinking establishments;
and permit documents issued by the
state department to be used as court
evidence.

Soldier Back After 40 Months In Pacific

Croton Artilleryman In Guadal-
canal, Solomons And Philip-
pines Actions

Sgt. Joseph Regna, attached to the
artillery corps, has recently re-
turned from the Pacific, where he
has been serving for forty months,
and is spending forty-five days fur-
lough with his wife, Mrs. Rose
Regna and son, of 1139 East Brook
street.

He has been stationed in Aus-
tralia and New Caledonia, and has
been in actions at Guadalcanal, the
Philippines, and the Solomon
Islands.

Sgt. Regna enlisted in the armed
forces in January, 1940, and was
with the first task force that left
the United States after the Jap at-
tack at Pearl Harbor.

After the conclusion of his fur-
lough, Sgt. Regna will go to Fort
Dix, N. J., where he may receive
his discharge, he having 121 points
to his credit.

Motor Federation Sees Some Hope In Tire Situation

HARRISBURG, May 24.—(INS)—
War-weary motorists could take
heart today from a Pennsylvania
Motor Federation report that an
"easing" of the tire situation was
expected within five months, but
were warned of the urgent need of
conservation.

The Federation released a report
stating: "It will probably be Sep-
tember or October before we can
expect any real easing in the tire
shortage." An estimated 1,500,000
tires were scheduled to be allocated
to ration boards throughout the na-
tion in June, a half million increase
over May.

HEAR SEAMAN SON IS BACK FROM PACIFIC

Mr. and Mrs. Harry R. Jones of
Miller avenue have received word
from their son, Donald C. Jones,
petty officer 2-c, stating that he
has arrived in the United States,
and expects to be home in about
three weeks time.

Petty Officer Jones has been in
the service 2½ years and overseas
10 months in the Pacific area.

Another Report On Hitler's Death

Claim Hitler Died From Lethal
Hypodermic Injection And
Body Was Cremated

By JOHN E. LEE
(By International News Service)

ABOARD GERMAN LINER PA-
TRIA, Flensburg Harbor, Germany,
May 24.—According to the latest
authoritative information to allied
officials today, Adolf Hitler died as
the result of a lethal hypodermic
injection administered by his per-
sonal physician.

The fuhrer's doctor jabbed his
hypodermic needle into Hitler's
flesh at 3:30 p. m. Berlin time on

May 1, in the fuhrer's steel-and-
concrete bombproof shelter beneath
the chancellery in Wilhelmstrasse,
the Americans officials were told.

Later, according to these autho-
ritative sources, Hitler's body was
cremated.

Himmler Whereabouts Unknown
An allied supreme headquarters
staff officer, now in Flensburg with
the allied control party headed by
Maj. Gen. Lowell W. Rooks, stated
that the whereabouts of Gestapo
Chief Heinrich Himmler are un-
known at present.

Himmler last was seen in Flens-
burg May 5 and 6, at which time the
new German fuhrer, Admiral Karl
Doenitz, and Col. Gen. Gustav Jodl,
advised him to flee for his life.

Conflicting Reports
Various reports—many of them
conflicting—as to what actually
happened to the Nazi fuhrer have
been circulated. The official story,
broadcast by Admiral Karl Doenitz
after he took over Hitler's position
as head of the vanquished Nazi
Reich, was that Hitler died under
a hail of Russian explosives in the
closing hours of the battle of Berlin.

But when the Soviet armies en-
tered the German capital no trace
of the fuhrer's body was found and
all sorts of possibilities were voiced
—that Hitler was trying to escape to
Japan by U-boat; that a "double"
had actually been killed and that
Hitler in disguise had gone into
hiding; that he might possibly have
undergone plastic surgery in order
to lie low for awhile with the in-
tention of staging a "resurrection"
at some later and more propitious
date; or that he had committed sui-
cide rather than fall into the hands
of the dreaded Red Army.

The downward trend in death
rates from tuberculosis and pneu-
monia has reduced the death rate
from these disease among children
by fully three-fourths in 20 years.

Cold Storage Plant Strikers Are 'Fired'

Second Tieup Of Army, Lend-Lease
Perishable Foods By Strikers
Results In Action

PITTSBURGH, May 24.—(INS)—
Executives at Pittsburgh's four
major cold storage plants today in-
dicated that the 265 strikers who
caused a tie-up of army and lend-
lease perishable foods were "fired"
and will not be allowed to return
to work.

J. E. Davis, general manager of
one of the plants and spokesman
for all four companies, stated that
the plants would start recruiting
and entire new staff today. He de-
clared:

"It is up to the war manpower
commission and the army to see
that we get the workers we need to

prevent spoiling of between 60
million and 75 million pounds of
meat, fruits, vegetables, lard and
other perishable commodities.

The 265 employees at the four
plants quit work without warning
again yesterday, the second time
within a week. The strike which
stemmed from a wage dispute also
tied up more than 5 badly-needed
railroad cars and shut off more
than 60 per cent of steel city's ice
production, Davis maintained.

Four army officers and several
enlisted men yesterday unloaded
146 cases of eggs threatened with
spoilage at one of the plants.

TURN ABOUT

PITTSBURGH.—(INS)—The war
has separated many couples but it
also was responsible for reuniting
one couple. Home in Bellefonte on a
furlough, Fireman First Class How-
ard J. McKenna saw his ex-wife
from whom he had been separated
six years and they decided to re-
marry.

Lt. Keith Wolfe Killed In Action

North Sewickley Officer Met Death In Germany On April 26, War Department Announces

ELLWOOD CITY, May 24—First Lt. Keith Wolfe, aged 23 years, son of Mr. and Mrs. R. J. Wolfe of Harmony avenue, North Sewickley, was killed in action in Germany on April 26, according to a message received by his parents. He was serving as a liaison pilot for the field artillery when he met his death.

Lieutenant Wolfe also leaves his wife, nee Elsie Mae Bryant, of Butler, and an 11-month-old daughter, whom he had never seen. He had received the Air Medal with six oak leaf clusters.

Lieutenant Wolfe enlisted for service in September 1942.

Besides his widow, daughter, and parents, he is survived by a sister, Mrs. Ruth Teets of Rochester, and three brothers, Rev. Howard Wolfe of Northumberland, and William and Charles Wolfe of Zelenople.

RESEED BURNED FOREST
PORTLAND, Ore. — (INS) — A four-year-old Port Orchard cedar has been planted near the spot where the costly Tillamook forest fire of 1933 started. This is the advance guard of an army of 40,000 seedlings now being set out by a corps of school boys which will one day blanket the scorched earth with a new forest.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache, and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

SENTENCED TO WORKHOUSE
Edward Lakonski of Philadelphia who pleaded to a charge of larceny in the Lawrence county courts was sentenced to pay the costs, make restitution of \$100 and undergo imprisonment in the Allegheny County Workhouse for not less than six nor more than 12 months on Wednesday. Sentence was pronounced by Judge W. Walter Braham.

FINAL DECREE ISSUED
In his final decree in the issue brought by the New Castle School Board against the county commissioners, the county the institution district and the county controller, Judge W. Walter Braham has made some changes from his decree nisi handed down some time ago.

The case was one in which the school board asked for distribution of the rents held by the county commissioners taken from tenants in county owned properties. Each taxing body is entitled to a share of such moneys but there was a dispute as to how the money should be divided.

In the decree nisi, or temporary decree, Judge Braham ruled that the moneys should be divided according to the taxes owed on each property with each case treated as a separate trust. Since then the Superior Court ruled on a Lackawanna county case where a property had been sold. The rule is that

the oldest taxes shall be liquidated first, then the money distributed over the succeeding delinquent taxes.

This feature has been incorporated into Judge Braham's decree and also he has ruled that rent moneys are not to be distributed until the properties are sold. This freezes rents until the sale after which the money will be divided.

DIVORCE GRANTED
Judge Braham has granted a divorce to Mary E. Schell from Michael W. Schell.

BACK IN CIVILES
It isn't Lieutenant Joseph Solomon any more, once again it is

Attorney Joseph Solomon. After spending nearly three years in the army, much of it in the battle zone of Italy, Lt. Solomon has been discharged and has resumed the practice of law. Whether any of the army strategy he employed will be useful in defending persons charged with crime remains to be seen. At any rate the court house attaches are glad to see Joe back again.

SNOW "WEASEL"
FORT COLLINS, Colo. — (INS) — A snow "weasel" being tested by the Rocky Mountain Forest and Range experiment station at Colorado A & M college. The "weasel" is a tractor equipped to travel on snow—was acquired by the station from surplus army stock. It will be put to work first in the high mountain areas in Grand county, Colo.

Attorney Joseph Solomon. After spending nearly three years in the army, much of it in the battle zone of Italy, Lt. Solomon has been discharged and has resumed the practice of law. Whether any of the army strategy he employed will be useful in defending persons charged with crime remains to be seen. At any rate the court house attaches are glad to see Joe back again.

SPOTLIGHT
Of Today
(International News Service)

NEW ATTORNEY GENERAL
Thomas Campbell Clark, a lanky 45-year-old Texan, leaped into the spotlight of national affairs today as the personal choice of President Truman to be the new attorney general.

Clark, surprise member of a three-star cabinet shuffle, is no stranger to the workings of the Justice Department. He has been associated with the department in important executive positions since 1937 and since 1943 has been assistant attorney general in charge of the criminal division. Before that Clark served as head of the department's vastly important anti-trust division.

He came into close association with President Truman while the chief executive headed the Senate's Truman investigating committee. The quiet mannered but forceful Justice Department executive deeply impressed Mr. Truman, who is quickly gaining the reputation for remembering persons closely associated with him who have shown tried mettle.

The newly designated attorney general is known to be extremely popular on Capitol Hill, where his nomination will undoubtedly be confirmed quickly by the Senate. Clark has, through the years, quietly gained the reputation as being the person in the Justice Department who gets things done.

Onkel Choe Goebels seems to have got his neck caught in that door which he said the Nazis would stand mightily when the time came for them to "leave the stage of history."

(War Censorship Regulations Limit Information Allowed In This Column)

Mr. and Mrs. Stephen Schneider of Mt. Jackson have received word from their son, Pvt. Paul Schneider, that he is in Germany with an artillery unit. He left for overseas March 16.

Sgt. Joseph Biedka, who has been home on leave since April, has returned to duty at San Francisco, Calif.

Carmen Romanio, son of Mr. and Mrs. Peter Romanio of 1018 Summit street, has been promoted to petty Officer 3-c, according to word received by his parents. He is on duty in the Pacific. Recently in Hawaii he met his cousin, Frank Romanio, S. 1-c, also from New Castle.

Pfc. Joseph DeLuca of New Castle, who is stationed in Italy with the fifth army, has sent a set of ash trays from Florence, Italy, to his aunt, Mrs. Peter Romanio of Summit street.

WHAT'S BETTER THAN A CUP OF OLD RELIABLE? ANOTHER CUP!

Always the same—always GOOD!

Sgt. Joseph T. Dougliewicz has been transferred from the Halloran General Hospital, Staten Island, N. Y., to the Woodrow Wilson General Hospital, Staunton, Va., for treatment.

Sgt. Dougliewicz, who took part in the campaigns of Germany and Belgium, has been awarded the Purple Heart. His parents, Mr. and Mrs. Anthony Drapko, reside at 107 East Sharp street. His wife, Mrs. Alease D. Dougliewicz, is a resident of Richmond, Va.

Four times previously awarded battle participation credit for troop carrier sorties on the western front, Sgt. Leon L. Hunt, son of Mr. and Mrs. C. L. Hunt of Volant, has been presented with his fifth bronze battle star, significant in the European theater of operations. He is attached to the 438th troop carrier group.

Word has been received that John V. McClelland has been transferred from Camp Blanding, Fla., to the army air corps, Sheppard field, Wichita Falls, Tex.

In a recent letter received by his parents from John W. Kildoo, he tells of meeting his friend, Harold Braden, II, in the South Pacific area. This is his first meeting since Seaman Kildoo, son of Mr. and Mrs. A. L. Kildoo of the Butler road, enlisted a year ago. Seaman Braden is the son of Mr. and Mrs. Harold Braden of Princeton.

A ten-man patrol of Company G of the 406th Regiment, accompanied by photographers and interpreters, crossing the Elbe river in an effort to contact Russian spearheads reported advancing only a few kilometers away, took 162 German prisoners en route. The patrol had to call for reinforcements to help them in this task. Pfc. James Fair, of 1016 Agnew street, was a member of this patrol.

Word has been received by Mr. and Mrs. William Klabon, of R. D. 7, that their son, T-5 Joseph Klabon, has been awarded the bronze star for heroic achievement in action on February 17, 1945, in the vicinity of Blesguersville, France. Although under intense artillery fire, T-5 Klabon maintained radio communications until his radio was

destroyed by shell fragments. He then assisted in the maintenance of telephone lines to insure continuous communications.

Mr. and Mrs. Clarence J. Black, of R. D. 1, have been informed that their son, Homer E. Black, has been advanced to the grade of sergeant. Sgt. Black, who was inducted into the army May 6, 1943, has served 15 months overseas, being a medical technician on the Sixth hospital train in England.

Champ Prefers Ski Jump To Parachuting

ATLANTIC CITY, N. J.—(INS)—Parachute jumping offers only a momentary thrill, in ski jumping, the thrill is present all the way. That's the opinion of national ski champion Lt. Arthur D. Devlin of Lake Placid, N. Y., who has re-

ported to the AAF Redistribution Station No. 1 for reassignment. Having tried both, he should know.

The compact, 22-year-old ski jumper, regarded as the greatest exponent of the winter sport ever developed in the United States, is a veteran of 50 missions on a B-24 bomber in Italy. He holds the Purple Heart with cluster, the distinguished flying cross and the air medal with three clusters.

He got his chance to draw a

comparison between silk and wood high altitude leaps after a mission over Munich. His B-24 had had its rudders shot out by flak. Returning to base, the pilot ordered all crew members except his co-pilot and engineer to bail out before he made a crash landing. The bomber was 15,000 feet up.

"I got a real thrill out of clearing the plane before the chute opened up," said Lt. Devlin. "But I didn't feel the element that comes

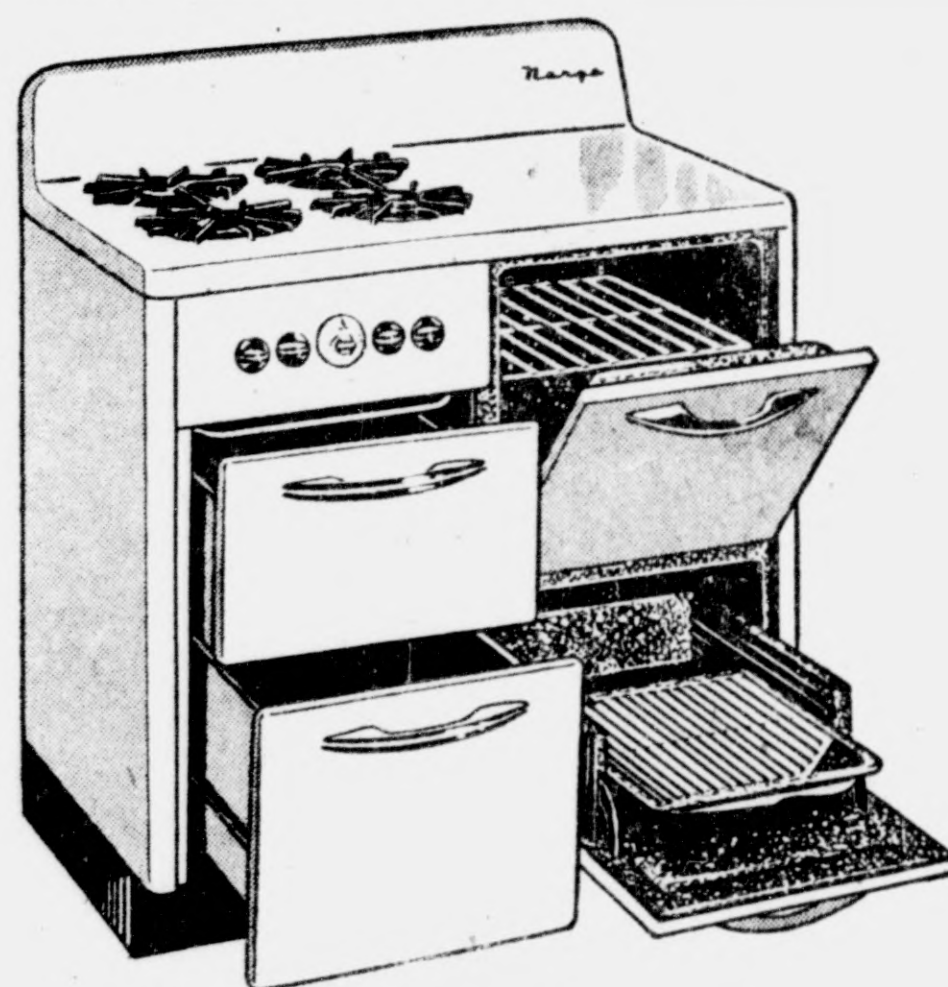

with competitive jumping from start to finish. Of course," he added, "I could be prejudiced."

Lt. Devlin hopes he will be a pilot in his next overseas tour of duty. He feels that few end avors are as closely interrelated as skiing and piloting. Both depend largely on the coordination, split second timing and quick thinking.

Magnesium has been known to man since 1835.

DOWN NEUTRAL PLANE STOCKHOLM (INS)—A Swedish fighter plane was shot down by a German flying boat trespassing over

Swedish territory in the neighborhood of Solvborg on the Blekinge coast. The German plane had ignored warning shots from the ground batteries and fired as the fighter came within range. It then made its escape. The pilot was killed in attempting to make a forced landing.

Pottery Champs With 3 Titles Enjoy Banquet

Shenango Pottery Gives
Basketball Champions
Big Night At The
Castleton

GROVER WASHABAUGH PRINCIPAL SPEAKER

Winning one championship is a distinction, winning two in one season calls for a celebration but winning three calls for rolling out the red carpet, taking down the hair and dancing in the streets. Well, figuratively at least. And that's what happened to the Shenango Pottery basketball team Wednesday night in The Castleton hotel.

The Shenango lads won the industrial league championship of New Castle. Then they picked off the city league championship and polished the season off by going to McKeesport and winning the coveted western Pennsylvania industrial championship. To do that they had to knock off Alcoa of New Kensington, Jones & Laughlin and Local 610 of Westinghouse, Wilmerding.

It called for a dinner and they had one, one of these fried chicken affairs that has your wife drooling when you go home and describe it these meatless days. Before sitting down, the crowd sang "God Bless America" directed by Tom Grittle. Dinner over, Emil Hasenstab took the duties of toastmaster in hand and introduced a number of speakers who spoke on the success of the season, the trying days of the western Pennsylvania championship play and the promise that next year the team would be back in there for more trophies. Among those who spoke were James Dart, Captain Russell Davis, James M. Smith, Jr., Browne Zahmiser, Coach Nick Ross, Martin Horning, Julian Miller, John Walters, Tom Grittle, John P. Boyle and S. Ferris.

Cups Presented

Mr. Dart presented the team with the YMCA cup symbol of the industrial league championship and Mr. Ross presented the cup representing the western Pennsylvania championship. Captain Davis presented Mr. Dart with a package for his work as referee during the season and the package was found to contain a pair of dark glasses and a tin cup.

Grover C. Washabaugh, head coach of Westminster college, was the principal speaker and "Wash" does as good a job on the fried chicken as he does in the intercollegiate circuit during the season. He compared team work on the basketball court to team work in the plant and congratulated the men on their demonstration of both.

The team record the past season is an unusual one. Thirty-six games were played and Shenango won 33 of them for a percentage of .907. Their average points per game were 38.1 to 25.2 for the opponents.

It was Shenango's year and on Wednesday night they made the most of it. To coin a phrase, "a good time was had by all".

Hero on Okinawa

LT. COL. DEL BJORK, former star tackle on the University of Oregon team and later a pro player with the Chicago Bears, has been awarded the Bronze Star on the front line for heroic achievement in the capture of the famed "Hill 178" on Okinawa. Bjork entered the Army in 1939. His home is at Astoria, Ore. (International)

Sylvan Heights Leaders In Tie

United Machinists And Saegertowns
Lead League By Slender Margin
At End Of Second Week

At the end of the second week of play, United Machinists and Saegertowns are found to be tied for the lead, topping the strong Sons of Italy team by a half point, in the Sylvan Heights Golf league.

Saegertowns scored a clean sweep last night in their matches with Ellwood City Moose, earning six points for the night. Other results were as follows: Sons of Italy 5, Standard Steel Spring 1; United Machinists 4, Shelby Socials 2; New Castle Moose 3 1/2, Universal Sanitary Manufacturing 2 1/2.

Three men tied for medal honors, Frank Palmer, Marty Segedi and Dudek having rounds of 39.

The standing of the teams follows: Saegertown 8, United Machinists 8, Sons of Italy 7 1/2, New Castle Moose 7, Universal Sanitary Manufacturing 5 1/2, Shelby Social club 5 1/2, Standard Steel Spring 4, Ellwood City Moose 2 1/2.

It was announced that next week's matches will be played on Friday evening, June 1, instead of Wednesday, May 30, because of the Memorial Day holiday.

Ferriss Racks Up Fifth Win; Pirates Ahead

Dave Ferriss Hurls Boston
To Win Over Browns,
Yanks Nudge White
Hose

By LES CONKLIN
(International News Service Sports Writer)
NEW YORK, May 24.—The Boston Red Sox may be wallowing in the depths of the second division in the American league, but they certainly have the prize rookie of the year in Dave Ferriss. Public interest in the mound performance of this sensational 23-year-old pitcher eclipses the fanfare of the sizzling pace in the junior circuit which finds the first four clubs separated by only two games.

The army let a corkscrewed chucker get away when they released "Boo", as he is called. The ex-corporal racked up his fifth win in as many starts this season when he trounced the St. Louis Browns 4 to 1 yesterday.

Gives Five Hits
The Browns got only five hits off "Boo". When Kreevich doubled in the seventh for his third hit and scored on Moore's single, it was the first tally scored off Ferriss in 13 innings. Only four of the 31 Browns who faced him were able to get into the air.

In 42 of the 45 innings he has worked, the ex-corporal has blanked the opposition. He has yielded only 30 hits and has turned in three shutouts.

It was a great day for ex-soldier pitchers. Van Munko, another discharged vet now with the New York Giants, held Cincinnati to only three hits and won a 2 to 0 shut-out over the unlucky Bucky Walters.

Detroit took undisputed possession of second place in the American league by swamping the Athletics 7 to 1.

Pirates Win Thriller
The White Sox, who lost to the Yankees, 5 to 3, now lead the Tigers by only one game.

Allie Reynolds of Cleveland won a 3 to 2 decision over the Washington Senators, under the arc lights, and in another night game, Jack Creel of the St. Louis Cardinals held Brooklyn to six hits and won in a romp, 11 to 1.

After tying the score with a five-run rally in the ninth, the Boston Braves lost a 9 to 8 heartbreaker to Pittsburgh in the 13th inning, after a night game. Al Giofriddo's single drove in the winning run.

The Chicago Cubs opened up a long home stand with a 5 to 3 win over the Phillies, behind Claude Passeau's seven-hit pitching.

SIX TEAMS IN SOFTBALL LOOP

Industrial Softball League Starts
Play Monday, May 28, At
6 O'Clock

New Castle's Industrial Softball league season will open on Monday night, May 28, at 6 o'clock with six teams hustling for the championship of the 1945 season, it was decided last night at a meeting in the "Y".

President Joe Factor conducted the meeting and six teams put up their \$10.00 franchise money as follows: Shenango Pottery, Lockley Machines, Standard Steel Springs, Universal Sanitary, Willie DeCarbo and the Deshon Annex veterans, a newcomer to organized softball circles in this city.

Secretary Art Mittler and Factor will announce the schedule of games in a day or so. Games will be played on Mondays, Wednesdays and Fridays. A possible eight-team league including the P.R.R. and Aluminum company may operate in the second half, it was indicated.

Umpires will be assigned to the league games by Tom Conitt, softball veteran, and all games will be played under strictest rules.

The surface of your aluminum pan is not likely to be pitted if it is cleaned thoroughly after each use.

Legion Juniors To Play Friday

American Legion Junior league teams will be in action again Friday evening. Chairman Earl C. Moffatt announced today, and with good weather promised, better games are indicated.

The various grounds used by the league are being put in better shape for play, he stated. Games scheduled for the Booker T. Washington field for the next two weeks have been transferred to the Lee Avenue grounds on the West Side.

The Sons of Italy-Keystone A. C. game will be played there tomorrow evening, and the game between Kirks East Siders and Sons of Italy scheduled for next Tuesday will also be played there.

Cardinals Trade Mort Cooper To Boston Braves

Boston Gives Charlie Barrett And Cash For
Temperamental Cardinal Hurler

BOTH CLUBS ARE
WELL SATISFIED

ST. LOUIS, May 24.—(INS)—Mort Cooper, the temperamental right-handed, unexpectedly traded to the Boston Braves will report for duty to Manager Bob Coleman in Pittsburgh, his salary grievances settled.

Cooper, who has walked out on the Cardinals three times since the start of the season in protest against a \$12,000 salary ceiling was exchanged yesterday for Braves Pitcher Charlie (Red) Barrett and an undisclosed amount of cash.

Everybody Satisfied
The husky 31-year-old pitcher, who won 22 games for the Cards last season while losing seven, said when he had signed the Braves contract.

"I'm satisfied with the deal sending me to Boston. I've been sold. Everybody's happy."

Meanwhile in Pittsburgh, Coleman expressed pleasure with the trade, saying "We're getting one of the best pitchers in baseball and he should do our club a lot of good."

The South American arrow poison, curare is being used today to protect patients against injuries likely to occur in shock therapy for mental diseases.

Cleveland Racing Starts Saturday

CLEVELAND O., May 24.—Purses of \$5000 for the handicaps are attracting outstanding thoroughbreds to the 36-day running meeting which begins Saturday (May 26) at Randall Park.

Racing Secretary Henderson Van Zandt announced yesterday that before the meeting progressed very far more than 900 horses would be on the grounds.

CHURCH GOLFERS PLAY TONIGHT

The New Castle Church league golfers will open the much delayed 1945 season tonight at the Castle Hills golf course at 5:30 o'clock (weather permitting). It was announced. The league has been rained out three Thursday nights in a row, but the weatherman looks to be providing a break today. The niblick swingers will be out in force tonight, some 75 strong. The May 3 schedule will be maintained this evening.

St. Vitus Jr. Champs Honored Given Awards

Gold Basketballs Presented
To Catholic Champs Of
New Castle And West-
ern Pennsylvania

FINE SPEECHES LAUD CHAMPIONS

Honoring the St. Vitus junior basketball team, champions of the New Castle Catholic league, and Western Pennsylvania champions, over 100 members of St. Vitus church, the Sons of Italy, and a few invited guests gathered in the Sons of Italy dining hall last night and ate spaghetti and heard the youngsters praised from top to bottom for their fine achievements on the hardwood court.

The dinner consisted of spaghetti and not just "one meat ball" as the song writers would lead you to believe, but oodles of meat balls and if anyone got up from the table hungry it was because he had orders from his doctor not to touch the long stringy delicious stuff.

B. J. Blondi Toastmaster

Following the serving of the dinner, Alderman B. J. Blondi of the South Side took over as toastmaster of the occasion and handed his role with all the decorum of a dignified alderman coming through tough at times with ready wit and humor that kept everybody happy.

Answering toasts with fine talk along athletic lines were the following: Rev. Fr. Nicholas Blondi of Charleroi, formerly of New Castle; Rev. Fr. Joseph A. Mastaglio of Butler, formerly of New Castle; Coach Sammy Bullano of St. Vitus; Nick George, Sr. speaking in behalf of the Sons of Italy club; Dr. A. M. Perillano, Charles "Tip" Richards; Al Scarpazzo, Paul Fellella; "Buddy" Marino, Charley Tedesco, Samuel M. Frank, representing the Jack Gerson store, and Charles "Bugs" Walther, News staff member, the latter two special guests of the occasion.

Gold Basketball Presented
As a fitting reward for their splendid work the past season, Jack Gerson, local jeweler, donated handsome gold basketballs to the players and these were given out to the following boys by Coach and dinner sponsor Sammy Bullano—Norman Conitt, James Coppel, Al Marcolotti, Andy Fontinello, Arthur DeGello, Thomas Alfano, Johnny Calabro, Dom Ross, the latter of the U. S. Navy on furlough, Eddie Bullano, Lawrence Dell Quadri, and Nick George Jr., the latter business manager of the St. Vitus team and due for a role in Uncle Sam's armed services today in Pittsburgh.

It was a fitting climax to a great season for the St. Vitus juniors with an unblemished record of 15 wins in the local Catholic church league and a win over the St. Josephs of Bloomfield, Pa. Catholic champs of Pittsburgh. The occasion will live long in the memories of those present to do honor to a successful St. Vitus junior basketball team, one of the finest to ever represent the South Side church.

Rabbit Trapping
Proves Success
HARRISBURG, May 24.—(INS)—Approximately 40,000 rabbits were trapped in Pennsylvania last winter and transferred to areas where hunting is permitted. The State Game Commission announced today.

Commission officials said the 1944-45 bag in the live game trapping program was the largest in the history of the eight-year-old plan.

FIELD TRIAL will be held by the Venango County Coon and Fox Hunters' Association at the Bucktail's recreation grounds, Oil City, June 3, according to President W. E. Long. The trial will start at 11 a. m. The grounds are located four miles southeast of Franklin and seven miles from Oil City on Route 322. There will be a senior and also a junior class under N. E. O. P. rules. C. S. Chisholm is booking games for the Salem Athletic club. They play class AA baseball. United States Army is getting ready to begin in Europe the most extensive sports program ever attempted.

For heroic achievement in the battle of Okinawa, Lieutenant-Colonel Delbert L. Bjork recently was awarded the bronze star on the front line. He also received the SC at Altus. The officer, a former Oregon U athlete, played with the 1937 College All-Star eleven which defeated Green Bay Packers, 6-0, in Chicago. An amateur farmer who has planted corn said he heard a farmer say that peasants in his district read the books of business houses to learn who has ordered seed. Derby County, England, won the football championship of the League North by defeating Liverpool 1-0.

Talking about women taking over men's vocations in war time police report three women paid up and robbed another woman in Neshaanock avenue. To Policemen, Welsh, Brennan and detectives: "Cherchez Les Femmes! Poor Harvard! Their crew misjudged the finish line and Redcliffe girls won the boat race. Was Harvard's face crimson? X-Ray Jim reports he doesn't believe the error was due to chivalry because he declared chivalry passed out when women donned slacks.

Sir Kim, Derby candidate, is owned by Don Ameche, screen actor. The horse recently won a feature at Santa Anita. There are 28 nominations for the Derby trial, May 29. Some compare the Giants threesome, Ott, Weintraub and Lombardi with the Ruth-Gehrig-Meusel trio of the Yanks. Mickey Walker, Byron Nelson, Helen Jacobs, Alice Marble, Bill Stern, Steve Owen plus the Yanks ball team are converging on New York for the Red Cross sports frolics of 1945, Friday.

Talking about the Red Cross, in a letter received by the writer from a relative who was a German prisoner and freed by the Russians, he wrote: "We would have starved had it not been for the Red Cross. Michigan is favored to take the Western Conference track and field meet at Champaign, Ill. Saturday. Al Lopez hopes to pass Gabby Harnett's record of 1,790 games caught and the Bill Dickey's 13,100-game season. Spud Davis years to hit 300 or better and the Dickey's mark of 11 such seasons.

Pancho Segura the net wielder who has been tennising since 1912 reports his hardest tennis match was the one he lost to Bitty Grant at Forest Hills in 1941. He lost in the fifth set. They battled four and one-half hours and they were exhausted at the finish. Tip: Want to lose weight? Then play for Ulica, N. Y. Nick Goulash, Phils outfielder, said he dropped from 180 to 140 while playing for the Utes. Wesley Ferrell, ex-major league hurler and who managed Greensboro in the Carolina League has quit baseball.

There isn't a GI, or anybody who reads who doesn't remember Ernie Pyle war correspondent. He was the reporter who talked, ate, slept and was GI at heart. Here is what the Miami Herald reports: "Jack Dempsey said that the late Ernie said good-bye to him the day before leaving an unnamed base for Okinawa invasion. The ex-champ quoted Pyle as saying: 'This is good-bye. I'm never going to see you again. Jack. This invasion is going to be the hardest yet.' Pyle was killed a week later.

Dempsey, back from the invasion of Okinawa says "Don't think I wasn't scared. Everybody was. It's not the actual fighting—it's the suspense beforehand, the waiting. The kids nudged each other when they saw me getting ready to go. Hey, the old man's going along—guess this isn't going to be as tough as we thought" they told one another "but it has proved plenty tough. Jack said that one American can handle five or six Nips. The Japs are mean and treacherous" he added. At Okinawa the reported average toll is Japs 14, Yankees 1.

Kipping didn't figure on World War II when he wrote "For East or East and West is West but never the 'rain' shall meet". How about Russian and Yank in Germany? An Ordinance
Prohibiting the sale or service of food or drink to Military or Naval personnel in any place in the City of New Castle declared "Off Limits" or "Out of Bounds" by Military or Naval authorities; requiring the posting of signs in such places; and providing penalties for violations.

WHEREAS, for the protection of the Military and Naval personnel, the Military and Naval authorities, from time to time have declared and will declare certain places to be "Off Limits" or "Out of Bounds" for such personnel; and

WHEREAS, it is the desire of the City to cooperate with the Military and Naval authorities so that the health and safety of Military and Naval personnel and of the general public may be protected during this time of War;

SECTION 1. NOW THEREFORE, BE IT ORDAINED AND ENACTED BY THE COUNCIL OF THE CITY OF NEW CASTLE, PA., THAT whenever Military or Naval authorities shall declare any place in the City of New Castle "Off Limits" or "Out of Bounds" for Military or Naval personnel, no food or drink shall be sold or served to such personnel in such places for so long as the "Off Limits" or "Out of Bounds" order shall be in effect.

SECTION 2. That the owner, manager or other person in charge of control of any place which has been declared "Off Limits" or "Out of Bounds" by Military or Naval authorities shall post and keep posted, immediately upon notice of such order and while such order shall be in effect, at least two signs in letters not less than one inch in height, giving notice that such place has been declared "Off Limits" or "Out of Bounds" for Military or Naval personnel. At least one such sign shall be posted at or near the entrance to such place and shall be plainly visible from the outside thereof. The other sign or signs shall be posted in a conspicuous place in and about the premises.

SECTION 3. Any person violating the provisions of this Ordinance shall, upon conviction thereof in a summary proceeding before any Alderman of the Mayor of the City of New Castle, be sentenced to pay a fine not exceeding \$100.00 and costs, and in default of payment of such fine and costs such person shall be sentenced to be confined in the County Jail for a period not exceeding thirty (30) days. Each day during which a violation shall constitute a separate violation.

SECTION 4. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

What You Buy With WAR BONDS

An Oxygen Mask... or Death

Expenditure of \$2 for an oxygen face mask means life to an American flyer in the stratosphere where it is so cold metal shatters, grease freezes, and bullet shatter tires like clay pigeons. You could buy nine of these masks with one, \$18.75 War Bond and have 75 cents left over to buy enough oxygen to keep him flying for several hours.

That's how essential your purchases of War Bonds are. Life or death for a courageous American pilot, bombardier or navigator. They are fighting your war for you. They will bring a lasting peace to you. 'They give their lives—You lend your money.' U.S. Treasury Department

"Yes. That's right, Sally. I just had to tell you right away. I'll give you every tiny detail when I see you."

That's the way to do it in war-time. Use the telephone for "quick" news, but don't tie up the facilities—even on local calls—with unnecessary details.

BECAUSE of the continued need of our Armed Forces for electronic and communications equipment for war, no more than a trickle of the central-office telephone equipment we need is coming through. That's as it should be, of course; but it means that every minute counts—every second, really—on local and long distance calls. Shorter conversations mean better telephone service for everybody. Oratorio 'Elijah' To Be Presented

Music Club Chorus To Sing Oratorio At First Methodist Church May 29

"The Elijah," an oratorio by Felix Mendelssohn, will be presented by New Castle's Music club chorus under the direction of Mrs. William J. Caldwell, Tuesday evening, May 29, at 8 o'clock in the First Methodist church, North Jefferson and North streets.

This annual Spring concert, eagerly anticipated by residents locally and many from out of town, will be sung by a hundred trained voices. Rehearsals have been in progress for many weeks, assuring a superb performance, for music lovers.

The presentation is for the public without charge.

The role of "Elijah" will be sung by Chester Kyle, who sang this part in last year's concert. Mr. Kyle, music director of Shenango school,

is well known for his concerts both here and in Eastern Ohio. The soprano soloist will be Mrs. Dorothy Gormley Smith, soloist of Temple Israel and the Christian Science church. Mrs. George E. Streiner, director of the Central Presbyterian church choir and president of the Music club, will sing the contralto solos as she did in last year's performance. The roles of "Obadi-ah" and "King Ahab" will be sung by David Rees, director of the First United Presbyterian church choir, and president of the Metropolitan Music Guild for the past year.

"For He Shall Give His Angels," "Oh Come Everyone Who Thirsteth" and "Cast Thy Burden Upon The Lord" will be sung by the double quartet. This quartet will be composed of the soloists and Mrs. Paul Melvin, soprano, a member of the Volunteer choir of the First Presbyterian church; Mrs. W. P. church; and Delbert Fletcher, bass, member of the Volunteer choir of the First Presbyterian church.

Miss Lillian Sarver, organist of Felch, contralto, soloist of the First Methodist church choir; Elmer Kankagy, tenor, director of music

at the Third United Presbyterian the First Methodist church, will accompany the chorus and Miss Ruth Weir, music instructor of the Pollock school and a member of the First Christian church choir, will play the piano accompaniment.

Dr. Burr R. McKnight will make the announcements during the program, and at the close, a silver offering will be taken.

Each year, "Elijah" has attracted a capacity audience, and indications point to an even larger following for the 1945 presentation.

SEVERAL HURT ON STATE STREET HILL

Several occupants and the operator of a motor vehicle, Sgt. William Heglin, Volant, R. D. 1, were injured early this morning when the auto became unmanageable and struck a pole at the top of the State street hill, jinx of many motorists, according to police. Police reports state none was seriously injured.

In the car with the operator were Sgt. Robert Wellendorf, 207 South Crawford avenue; Mrs. Thelma Martin and her three-year-old son, Edward.

Probing Income Tax Evasions

Army Of Investigators On Trial Of Evaders—Large Violations Being Traced

WASHINGTON, May 24.—(INS)—Treasury Secretary Morgenthau disclosed today that 500 more treasury investigators, will be hired to probe "thousands and thousands" of new income tax evasion cases.

Morgenthau said there are now 1500 deputy collectors, revenue agents and intelligence unit agents working full time on tax investigations.

The largest new case was uncovered in New York City when the owner of "a group of restaurants" made a "voluntary disclosure" that he had overlooked two million 200 thousand income over a three-year period, the secretary declared.

The restaurant owner knew the game was up, Morgenthau said, because "we were going through his books."

This man, he said, had sent an armored truck to his restaurants each day to pick up part of the money which he then deposited in various bank vaults. His excuse, Morgenthau said, was that he "needed the money to buy supplies."

Morgenthau said he could not disclose the restaurant owner's identity but commented that "he serves among the best meals in New York City."

Morgenthau said that taxpayers who come in to make voluntary disclosures will receive the cooperation of the internal revenue bureau if it is found that they have made an "honest mistake."

Official Word Being Awaited

Selective Service Board Here Has No Information On Men Sent Who Were Over Thirty

No word has been received by the officials of Selective Service Board One of New Castle as to the fate of those men over 30 years of age who were sent to Pittsburgh Wednesday morning for induction.

The law granting them a stay against induction became effective at 12:01 a. m. yesterday, but the message ordering them held over, pending receipt of memoranda was not received until after the men had left the city.

On arrival at Pittsburgh, they would be subject to Army regulations, which sometimes conflict with Selective Service regulations, it is stated.

Report Motor Mine Sweeper Lost In Philippine Area

WASHINGTON, May 24.—(INS)—The navy department today announced that the motor mine sweeper YMS-481 has been lost in the Philippine area as the result of enemy action.

Casualties were reported as moderate, the navy said. Normal complement of a ship of this type is 30.

Commanding officer of the mine sweeper, Lt. Theron O. Anglin, was reported wounded in action. Lt. Anglin was born in Wadley, Ga. and was appointed midshipman in the naval reserve in 1942.

This sinking brings the total U. S. naval vessels lost or presumed lost by enemy action to 309.

ANCIENT TOMB

CHUNGKING.—(INS)—An ancient tomb dating back to the Han dynasty (206 B.C.-221 A.D.) has been discovered near Changshou, a city on the Yangtze river below Chungking. The tomb, 120 feet by 50 feet, was built with bricks and has a dome on its top. A small hearth and utensils for daily use were discovered in the tomb.

North Beaver Churches Will Join In Service

Bethel, Mt. Jackson, Moravia, Westfield Congregations Plan Joint Service

Following a custom of some years standing, the four rural churches of North Beaver township will co-operate in a Memorial Day service Sunday morning at the township consolidated school in Mt. Jackson.

Bethel and Mt. Jackson United Presbyterian churches and Moravia and Westfield Presbyterian churches will come together for both the Sunday school and church services, using the facilities of the school classrooms and auditorium.

Sunday school will open at 10 o'clock in the auditorium, with Walter Werner acting as superintendent and Miss Nancy Jane McKinley as pianist. Classes for each age group will meet for the study of the lesson in the several classrooms.

Eleven o'clock worship service will be in charge of the Rev. Bruce E. Robinson, pastor of Moravia, assisted by the Rev. James Crawford, minister at Mt. Jackson. The church pianist will be Mrs. Dorothy Anderson, and John L. Kyle will sing Kipling's "Recessional", by Blanchard.

Another Nazi Leader Seized

Fails To Fool Yanks By Posing As Aged Landscape Painter At Work

BERCHTESGADEN, May 24.—(INS)—Felix Streicher, Nazidom's top sadistic Jew-baiter, was revealed today to have attempted to evade arrest by posing as an aged landscape painter.

When Maj. Henry G. Pilott of New York City and three other Yanks from the U. S. 101st airborne division walked up on Streicher on a farm near Waldring, he was dabbing at a canvas.

The Americans took one look at the mess and spotted it as "phony." Streicher played dumb at first but was readily tripped by astute cross-questioning.

He denied knowing the whereabouts of Gestapo Chief Heinrich Himmler and sang the usual Nazi song that he was "convinced" Hitler is dead.

Homewood Church Memorial Service

Four Will Be Honored At Service Sunday Afternoon At Homewood Methodist Church

Memorial services for Roy W. Freed, Bernard Q. Sternquist, James Greco and Arthur Gizzi will be conducted Sunday afternoon, May 27, at 2:30 o'clock at Homewood Methodist church by Rev. William Ralph Wigton, pastor of the church.

Veterans of Rochester Post 128 will have a part in the service as will war mothers of Homewood.

Seats will be reserved in the church for veterans of World War I and World War II, war mothers and service men home on furlough.

ONE OF FIRST MEN BACK HOME UNDER NEW POINT SYSTEM

One of the first New Castle soldiers to return home under the army's newly set-up point system is Cpl. William E. Parkes of 517 West North street.

The corporal, who just completed a 45-day furlough at home after returning from three years and three months in the Pacific, was discharged on May 12 from Fort Dix, N. J., and was home for Mother's Day on May 13.

Cpl. Parkes entered service on September 19, 1941, and was sent overseas on February 24, 1942.
